

# Volvo

Alternative and interchangeable  
spare parts

**cosibo**

2011 EDITION

# For Volvo A totally reliable range of alternative and interchangeable spare parts

**Cosibo** guarantee the high quality of their products.

A staff of mechanical engineers, studies, analyses and "re-designs" original spare parts. It is a very delicate stage, because in order to guarantee to **Cosibo** products the same characteristics of original spare parts, it is necessary to have great mastery of the employed technologies and a perfect knowledge of the characteristics of the materials to be used. After this stage, another fundamental step is related to the identification of the many companies and contractors to which **Cosibo** commissions the realisation of its large range of products.

**Cosibo** strength and quality are witnessed by the several partnership co-operations in force between the Company and some of the most qualified producers in different sectors: mechanic, electronic, plastic materials moulding, oil hydraulic, electric and all the others specialised in the production of spare parts.

According to the company philosophy, **Cosibo** has with all these companies well established and clear co-operations with the consequence that they can offer not only high quality products but also short lead-times while respecting the agreed delivery dates. The aim is to offer reliable and efficient answers to any single customer all over the world.

This catalogue shows the whole range of spare parts for **Volvo** trucks.

A very rich range to guarantee the availability of the spare parts for the various components of the vehicle:

---

Engine · Clutch · Speed gear · Propeller shaft · Front axle · Differential gear · Rear axle · Hubs and wheels

---

Braking system · Suspension · Steering · Engine bonnet · Electric unit · Cab · Lights · Mirrors · Body parts

---

Accessories

---

## NOTES

### IMPORTANT

- All the components listed in our catalogue are not original, though perfectly interchangeable.
- Reference numbers, either original or of a different nature, are for information purposes only. When placing an order, please, always use Cosibo reference numbers and do not mention the original reference of the truck manufactures in the invoice to vehicle owners or to anybody else.
- If the customer does not apply with what above he takes all his own responsibilities.

## LEGEND

- All the spare parts in this catalogue are divided into **Groups** on the basis of the part of the truck they are destined to.
- Each **Group** is identified by a letter from the alphabet as it follows:

<b>A</b>	ENGINE
<b>B</b>	CLUTCH
<b>C</b>	SPEED GEAR
<b>D</b>	PROPELLER SHAFT
<b>E</b>	FRONT AXLE
<b>F</b>	REAR AXLE
<b>G</b>	HUBS AND WHEELS
<b>H</b>	BRAKING SYSTEM
<b>I</b>	MIRRORS BODY PARTS AND ELECTRIC MATERIAL
<b>J</b>	CAB
<b>L</b>	SUSPENSION
<b>M</b>	STEERING
<b>N</b>	LIGHTS AND ELECTRIC UNIT
<b>O</b>	ACCELERATOR PEDAL

- Each product in the catalogue is identified by specific **Codes**:

**Code** (Cosibo code)

**Re. OEM** (original code)

**Re. ex OEM** (ex original code)

- With reference to each product, truck **Models** and **Applications** it is destined to are shown:

● **Model** (marked by a dot)

★ **Application** (marked by a star)

- Page numbering is determined by the **Letter** indicating the Group + a progressive **number** (in bold) to indicate the sub-group + a progressive **number** to indicate the order of appearance in the catalogue:

**A.1.25**

- Two **General Indexes** are at the end of the catalogue. The first one is on the basis of the **Cosibo codes** and the second one is on the basis of the **OEM codes** (original codes).

# CATALOGUE STRUCTURE

All the components listed in our catalogue are not original, though perfectly interchangeable. Reference numbers, either original or of a different nature, are for information purposes only. When placing an order, please, always use cosibo reference numbers and do not mention the original reference numbers of the truck manufacturers in the invoice to vehicle owners or to anybody else. The customer takes his own responsibility if he does not comply with what above.

## Since 1988, strength, agility and accuracy

Cosibo is specialised in the production and marketing of spare parts for heavy vehicles which are alternative and interchangeable with the original ones. In over twenty years of activity the Company has developed a business strength and a productive experience which today make it one of the most qualified reference points for the whole sector. A perfect knowledge of products, the total mastery of the technological processes, the great ability and agility in the management of commercial processes, make Cosibo one of the most reliable and competitive companies in its sector both in terms of products quality and promptness of action. In an industry, such as the one of heavy vehicles, where the evolution of the models, the technological innovation and the reliability of the products are the key for the success of the great manufacturers, the ability to innovate and update the range of available spare parts is an absolute and unavoidable value which has always been at the core of Cosibo's activity. Another competitive advantage has always been the managerial accuracy, the transparency of relationships and the understanding of the dynamics which rule the sector in the different markets. This advantage, over the years, has generated and consolidated the appreciation and diffusion of the Cosibo brand in each Country where the Company has decided to launch its activity. Supported by the verified effectiveness of its business strategy and of the choices made until today, Cosibo is currently offering a range of over 3,000 items for the vehicles of the main brands present on the market. Cosibo guarantees the absolute quality of the spare parts for vehicles of the following brands:

**SCANIA • VOLVO • DAF • MERCEDES • IVECO • MAN • RENAULT**

**Cosibo certified quality for alternative spare parts**

## Since 1988, strength, agility and accuracy

Cosibo is specialised in the production and marketing of spare parts for heavy vehicles which are alternative and interchangeable with the original ones. In over twenty years of activity the Company has developed a business strength and a productive experience which today make it one of the most qualified reference points for the whole sector. A perfect knowledge of products, the total mastery of the technological processes, the great ability and agility in the management of commercial processes, make Cosibo one of the most reliable and competitive companies in its sector both in terms of products quality and promptness of action. In an industry, such as the one of heavy vehicles, where the evolution of the models, the technological innovation and the reliability of the products are the key for the success of the great manufacturers, the ability to innovate and update the range of available spare parts is an absolute and unavoidable value which has always been at the core of Cosibo's activity. Another competitive advantage has always been the managerial accuracy, the transparency of relationships and the understanding of the dynamics which rule the sector in the different markets. This advantage, over the years, has generated and consolidated the appreciation and diffusion of the Cosibo brand in each Country where the Company has decided to launch its activity. Supported by the verified effectiveness of its business strategy and of the choices made until today, Cosibo is currently offering a range of over 3,000 items for the vehicles of the main brands present on the market. Cosibo guarantees the absolute quality of the spare parts for vehicles of the following brands:

**SCANIA • VOLVO • DAF • MERCEDES • IVECO • MAN • RENAULT**

**Cosibo certified quality for alternative spare parts**
