DEFECTIVE GOODS

In the event of a customer giving notice in writing to the Company of a default in goods supplied by the Company within 8 days of the delivery of such goods to final destination, the Company undertakes to investigate the complaint and if satisfied that the complaint is justified (as to which the Company's decision shall be final) and that the defect is in goods manufactured by the Company, it will either rectify or replace the defective goods at its own expenses. Any goods which the customer claims to be defective must be returned to the Company at the expenses and risk of the customer.
