	DE	EN	FR	ES	RU
	Motor	Engine	Moteur	Motor	Двигатель
	Fahrzeug	Vehicle	Véhicule	Vehículo	Транспортное средство
B / D / G / AL / GF	Benzin / Diesel / Gas / Alkohol / Flüssiggas (Propan/Butan)	Gasoline / Diesel / Gas / Alcohol / Liquefied gas (propane/butane)	Esence / Diesel / Gaz / Alcool / Gaz liquide (propane/butane)	Gasolina / Diesel / Gas / Alcohol / Gas líquido (propane/butano)	Бензин / Дизель / Газ / Алкоголь / Сжиженный газ (пропан/бутан)
	Zylinderdurchmesser	Diameter of cylinder	Diamètre des cylindres	Diámetro del cilindro	Диаметр цилиндра
	Kolben	Pistons	Pistons	Pistones	Поршни
FBO	Kolben mit Formbolzen	Piston with shaped piston pin	Piston à axe profilé	Pistón con bulón perfilado	Поршень с формовым пальцем
GEC	Gusseisen-Zylinderbuchse	Cast Iron Cylinder	Cylindre en fer coulé	Camisa de hierro fundido	Чугунная гильза цилиндра
HK	Kolben mit Bodenüberhöhung (Hochkolben)	Piston with excess compression height	Piston à tête bombée	Pistón con cabeza sobreelevada (pistón subido)	Поршень с превышением днища (поршень с повышенной компрессионной высотой)
HKÜ	Übermaßkolben mit abgesenkter KH	Oversize Piston with reduced compression height	Piston en cote réparation à hauteur d'axe modifiée	Pistón en sobremedida con altura de compresión reducida	Поршень ремонтного размера с заниженной компрессионной высотой
K	Klemmpleuel	Conrod with fixed pin	Bielle à serrage	Biela de sujeción	Шатун прессовой посадки
KBB	Kolben mit Bolzenbuchse	Piston with piston pin bushings	Piston avec des bagues	Pistón con bujes	Поршень с втулкой пальца
KH-	Minus Kompressionshöhe	Minus compression height	Moins hauteur de compression	Menos altura de compresión	Минус высота головки поршня
KKK	Kolben mit Kühlkanal	Piston with cooling channel	Piston avec canal de refroidissement	Pistón con canal de refrigeración	Поршень с охлаждающим каналом
LOX	Kolben mit eloxiertem Boden	Piston with hard anodized crown	Piston à tête anodisée	Pistón con cabeza anodizada	Поршень с анодированным днищем
PK	Presskolben	Forged Piston	Piston forgé matricé	Pistón forjado	Прессованный поршень
PSK	Pendelschaftkolben	Articulated piston	Pistons articulés	Émbolo de vástago pendular	Составной поршень
RK	Segmentstreifenkolben	Segment Strip Piston	Piston à plaquettes rétentrices	Pistón con chapas reguladoras	Терморегулируемый поршень с сегментной вставкой
RTK	Ringträgerkolben	Ring Carrier Piston	Piston à bague porte segments	Pistón con inserto	Поршень с упрочняющей вставкой для кольца
SRK	Ringstreifenkolben	Ring Belt Piston	Piston à rondelle rétentrice	Pistón con aro oculto de dilatación controlada	Поршень с терморегулирующей кольцевой вставкой
TPL	Trapezpleuel	Keystone Conrod	Bielle trapézoïdale	Biela trapezoidal	Трапециевидный шатун
URK	Kolben mit unterem Ring	Piston with ring below pin bore	Piston à segment inférieur	Pistón con rascador de aceite por debajo del bulón	Поршень с нижним кольцом
	Kolbenringsätze	Piston Ring Sets	Jeux de segments	Juegos de segmentos	Комплект поршневых колец
CR	Verchromt	Chromium plated on all sides	Surface de course chromée	Cromado	Хромированное
FX	Ferroxgefüllt	With ferrox insert	Enrichi de ferrox	Recubierto de Ferrox	Феррооксидированное
G1-G7	Ring aus Sonderwerkstoff	Ring of special material	Segment en matériau spécial	Segmento de material especial	Кольцо из специального материала
MO	Molybdänbeschichtet	Molybdenum-filled periphery	Surface de course molybdène	Cara de trabajo molibdeno	Молибденированное
NT	Nitriert	Nitrited	Nitrué	Nitrado	Нитрированное
PC	Plasmabeschichtet	Plasma coated	Couche plasma	Capa plasma	С плазменным покрытием
SEF	Ölschlitzring mit Expanderfeder	Slotted oil control ring with expander	Segment racleur d'huile à fentes avec ressort expandeur	Segmento rascador de aceite con expansor	Маслосъемное поршневое коромысло с прорезями и с расширителем
SM	Schwachminutenring	Slightly tapered ring	Segment faiblement conique	Segmento ligeramente cónico	Коническое поршневое кольцо с уменьшенным углом наклона рабочей поверхности
SN	Verzinkt	Tin plated	Etamé	Estañado	Лужённое
ST	Stahl-Ring	Steel ring	Segment en acier	Segmentos de acero	Стальное кольцо
	Assemblies	Kit Sets	Ensembles	Conjuntos	Сборочные комплекты
	Zylinderlaufbuchsen	Cylinder Liners	Chemises de cylindre	Camisas de cilindro	Гильзы цилиндров
K	Kompressorzylinder	Compressor cylinder	Compresseur cylindre	Cilindro compresor	Цилиндр для компрессора
N	Nasse Zylinderbuchse	Wet cylinder liner	Chemise humide	Camisa de cilindro mojada	Мокрая гильза цилиндра
R	Rippenzylinder	Air-cooled cylinder	Cylindre à ailettes	Cilindro nervado	Цилиндр с ребрами
SEMI	Vorbearbeitete Zylinderbuchse	Semi-finished cylinder liners	Chemises ébauchées	Camisas de diámetro interior semiacabado	Подготовленная гильза цилиндра
T	Trockene Zylinderbuchse	Dry cylinder liner	Chemise sèche	Camisa de cilindro seca	Сухая гильза цилиндра
X	Feuerring	Fire ring	Segment d'étanchéité	Anillo de fuego	Огневое кольцо
Y	Freidrehung	Relief	Rotation libre	Giro libre	Расточка
	Pleuelstangen	Connecting Rods	Tiges de Bielle	Bielas	Шатуны
PP	Parallelpleuel	Conrod parallel	Bielle parallèle	Biela paralela	Шатун с параллельными сторонами
TP	Trapezpleuel	keystone conrod	Bielle trapézoïdale	Biela trapezoidal	Трапециевидный шатун
	Wasserpumpen	Water Pumps	Pompes à eau	Bombas de agua	Водяные насосы
	Ölpumpen	Oil Pumps	Pompes à huile	Bombas de aceite	Масляные насосы
	Nockenwellen	Camshaft	Arbre à Cames	Juegos de Árboles de levas	Распределительные валы

	DE	EN	FR	ES	RU
	Stößel	Tappet	Poussoir	Empujador	Толкатели
	Kipp-/Schlepphebel	Rocker Arm / Cam Follower	Culbuteur Distribution	Balancín / Palanca de arrastre	Коромысла / балансиры
	Kurbelwellen	Crankshafts	Vilebrequins	Cigüeñales	Коленчатые валы
	Gleitlager	Engine Bearings	Coussinets	Cojinetes de fricción	Подшипники скольжения
AS	Anlaufscheiben	Thrust bearing	Rondelles de guidage	Arandelas de empuje axial	Регулировочные шайбы
BU	Diverse Buchsen	Various bushes	Diverses bagues	Bujes diversos	Различные втулки
HL	Hauptlager	Main bearing	Coussinets principaux	Cojinete principal	Коренные подшипники
KH-B	Kipphebelbuchsen	Rocker arm bush	Bagues du culbuteur	Bujes de balancín	Втулки коромысел
NW-L	Nockenwellenlager	Camshaft bearing	Coussinets d'arbre à cames	Cojinete de eje de levas	Вкладыши распределительного вала
PASS-L	Paßlager	Flanged bearing	Coussinets de butée	Cojinete de empuje	Упорные подшипники
PL	Pleuellager	Conrod bearing (big end)	Coussinets de bielle	Cojinete de biela	Шатунные подшипники
PL-B	Pleuelbuchsen	Conrod bush (small end)	Bagues de bielle	Bujes de biela	Втулки нижних головок шатунов
PL-L	Pleuellager für Kompressoren	Conrod bearing (big end) for compressor	Coussinet de bielle pour compresseur	Cojinete de biela para compresor	Шатунные подшипники для компрессоров
	Zylinderkopfkompontenten	Cylinder Head Components	Composant de Culasses	Componentes de la Culata	Составные части головки блока цилиндров
CAM	Nockenwelle	Camshaft	Arbre à cames	Árbol de levas	Распределительный вал
CB	Zylinderkopfschrauben	Cylinder head bolt	Vis de culasse	Tornillos de anclaje	Болт крепления головки блока цилиндров
EVV	Konstantdrosselventil	Constant throttle valve	Papillon constant	Válvula de estrangulamiento constante	Нерегулируемый дроссельный клапан
G	Ventilführung	Valve guide	Guides-soupapes	Guías de válvula	Направляющая втулка клапана
PC	Vorkammer	Pre-combustion-chamber	Pré-chambre	Precámara de combustión	Предкамера
S	Ventilsitzring	Valve seat insert	Siège de soupape	Insertos de asiento de válvula	Кольцо седла клапана
SB	Stehbolzen	Stud bolt	Boulon fileté	Tornillos espárragos	Шпилька, распорный болт

Disclaimer

Namen, Beschreibungen, Nummern von Motoren, Fahrzeugen, Produkten, Herstellern etc. sind nur zu Vergleichszwecken aufgeführt.
Die im Katalog enthaltenen Teile sind Ersatzteile in garantierter KS-Qualität für die aufgeführten Motoren und Fahrzeuge.

Names, descriptions, figures of engines, vehicles, products, manufacturers etc. are only for reference. The parts in this catalogue are spare parts of KS guaranteed quality, suitable for the applications listed.

Les noms, les descriptions et les numéros de moteur, véhicules, produits, constructeurs etc. figurant dans ce catalogue ne sont donnés qu'à des fins de comparaison. Les articles de ce catalogue sont des pièces de rechange de qualité garantie KS pour les applications mentionnées.

La nomenclatura y las descripciones de motores, vehículos, productos, fabricantes etc. que aparecen en este catálogo, sólo se indican para fines de comparación. Las partes que aparecen en este catálogo son repuestos de garantizada calidad KS, para las aplicaciones indicadas.

Наименования, описания, номера двигателей, транспортных средств, продуктов, изготовителей и т. п. являются только информацией для сравнения.

Детали, названные в каталоге, являются запасными частями качества KS для перечисленных двигателей и транспортных средств.

Motor Service Gruppe. Qualität und Service aus einer Hand. Die Motor Service Gruppe ist die Vertriebsorganisation für die weltweiten Aftermarket-Aktivitäten von Kolbenschmidt Pierburg. Sie ist ein führender Anbieter von Motorkomponenten für den freien Ersatzteilmarkt mit den Premium-Marken KOLBENSCHMIDT, PIERBURG und TRW Engine Components. Ein breites und tiefes Sortiment ermöglicht den Kunden, Motorenteile aus einer Hand zu beziehen. Als Problem-

löser für Handel und Werkstatt bietet sie darüber hinaus ein umfangreiches Leistungspaket und die technische Kompetenz als Tochtergesellschaft eines großen Automobilzulieferers

Kolbenschmidt Pierburg. Renommierter Zulieferer der internationalen Automobilindustrie. Als langjährige Partner der Automobilhersteller entwickeln die Unternehmen der Kolbenschmidt Pierburg Gruppe innovative Komponenten und Systemlösungen mit anerkannter

Kompetenz in Luftversorgung und Schadstoffreduzierung, bei Öl-, Wasser- und Vakuumpumpen, bei Kolben, Motorblöcken und Gleitlagern. Die Produkte erfüllen die hohen Anforderungen und Qualitätsstandards der Automobilindustrie. Niedrige Schadstoffemission, günstiger Kraftstoffverbrauch, Zuverlässigkeit, Qualität und Sicherheit sind die maßgeblichen Antriebsfaktoren für die Innovationen von Kolbenschmidt Pierburg.

Wichtige Hinweise

Die Angaben in diesem Katalog sind sorgfältig bearbeitet, aber unverbindlich. Für die Richtigkeit dieser Angaben übernehmen wir keine Gewähr. Insbesondere können Änderungen der Ausrüstung durch die Fahrzeug oder Motorenhersteller bzw. Änderungen der Bezeichnungen nicht ausgeschlossen werden. Bitte erkundigen Sie sich gegebenenfalls bei unserem Technischen Kundenservice. Informationen über eventuelle Fehler im Katalog sind uns stets willkommen und werden in den zukünftigen Ausgaben korrigiert. Namen, Beschreibungen und Nummernangaben von Fahrzeugen oder Herstellern u. ä. sind nur zu Vergleichszwecken aufgeführt. Die im Katalog aufgeführten Teile sind Ersatzteile in KS-Qualität. Abbildungen, Schemazeichnungen und andere Angaben dienen der

Erläuterung und Darstellung und können nicht als Grundlage für Einbau, Lieferumfang und Konstruktion verwendet werden. Dies gilt insbesondere für Herstellerangaben. Angaben über Original-Ersatzteilnummern der Fahrzeug- und Motorenhersteller dienen nur zu Vergleichszwecken. Sie sind keine Herkunftsbezeichnungen und dürfen gegenüber Dritten nicht verwendet werden. Für die Anwendung der Vergleichslisten können wir insbesondere wegen möglicher Änderungen und/oder Maßdifferenzen der einzelnen Hersteller keine Haftung übernehmen. Soweit der Katalog Artikel beinhaltet, die nicht von der Motor Service Gruppe hergestellt wurden, stammen die Produktangaben und Daten vom jeweiligen Hersteller. Es wird keine Haftung übernommen für die

Richtigkeit der Daten und dass das Produkt für den beabsichtigten Verwendungszweck geeignet ist. Um dies sicherzustellen, ist in jedem Fall vor Einbau der fachkundige Rat des Herstellers oder dessen autorisierter Vertragswerkstatt einzuholen. Die im Katalog angebotenen Teile sind nicht für den Einsatz in Luftfahrzeugen bestimmt. Bei der Verwendung in Marine-Motoren ist darauf zu achten, dass bei gleicher Motorbezeichnung unterschiedliche Motorenteile (z.B. Kolben) zum Einsatz kommen können. Nachdruck, Nachahmung und Vervielfältigung, auch auszugsweise, ist nur mit unserer schriftlichen Genehmigung und mit Quellenangabe gestattet. Mit Erscheinen dieses Kataloges verlieren frühere Ausgaben ihre Gültigkeit. Änderungen vorbehalten.

Motorenteile in Erstausrüster-Qualität

Landmaschinen, Baumaschinen, Förderfahrzeuge, Industrieanlagen, Anlagen im Bergbau und zur Rohstoffgewinnung werden von Motoren angetrieben, die meist extremen Belastungen ausgesetzt sind. Eine regelmäßige Wartung mit dem erforderlichen Austausch von Verschleißteilen ist aufgrund der hohen Anforderungen an die Standzeiten ein Muss.

Aus dieser Tatsache heraus ist die gesamte Branche an der schnellen und flächendeckenden Verfügbarkeit von Ersatzteilen in höchster Qualität besonders interessiert. Dieser Anforderung stellt sich MSI Tag für Tag. Als großer, leistungsfähiger und renommierter Ersatzteillieferant bieten wir für viele Motoren aus diesem Bereich Ersatzteile in Erstausrüster-Qualität an.

Qualitätsmanagement

Zum Zeichen, dass unser Qualitätsmanagement die Anforderungen der einschlägigen internationalen Normen erfüllt sind wir nach ISO 9001 zertifiziert. Viele unserer Kunden, insbesondere die weltweit bekannten Fahrzeughersteller stellen weitergehende Forderungen an unser Haus. Für das Qualitätsmanagement sind diese Forderungen in dem Internationalen Standard ISO/TS 16949 zusammengefasst. Um den Kundenwünschen gerecht zu werden und um zu zeigen, dass wir auch diese, weit über die Anforderungen der ISO 9001 hinausgehenden Verpflichtungen erfüllen, haben wir unser Qualitätsmanagement auch nach dieser ISO/TS 16 949 zertifizieren lassen. Sollte trotz der laufend durchgeführten Kontrollen während des Produktionsprozesses und der gründlichen Endkontrolle ein Material- oder Fertigungsfehler auftreten, übernehmen wir selbstverständlich innerhalb der

Verjährungsfrist entweder die Instandsetzung des Motors oder den Ersatz des beanstandeten Erzeugnisses. Derartige Beanstandungen müssen uns binnen einer Frist von 30 Tagen nach Auftreten des Schadens schriftlich mitgeteilt werden. Die Verjährungsfrist für Mängelansprüche beträgt 24 Monate, gerechnet ab Ablieferung der Sache. Mängelansprüche erlöschen, wenn der Liefergegenstand von fremder Seite oder durch Einbau von Teilen fremder Herkunft verändert wird, es sei denn, dass der Mangel nicht in ursächlichem Zusammenhang mit der Veränderung steht. Sie erlöschen weiter, wenn Handhabung und Einbau nach geltender Vorschrift nicht befolgt wurde. Normaler Verschleiß und Beschädigung durch unsachgemäße Behandlung sind von der Gewährleistung ausgeschlossen.

Umweltmanagement

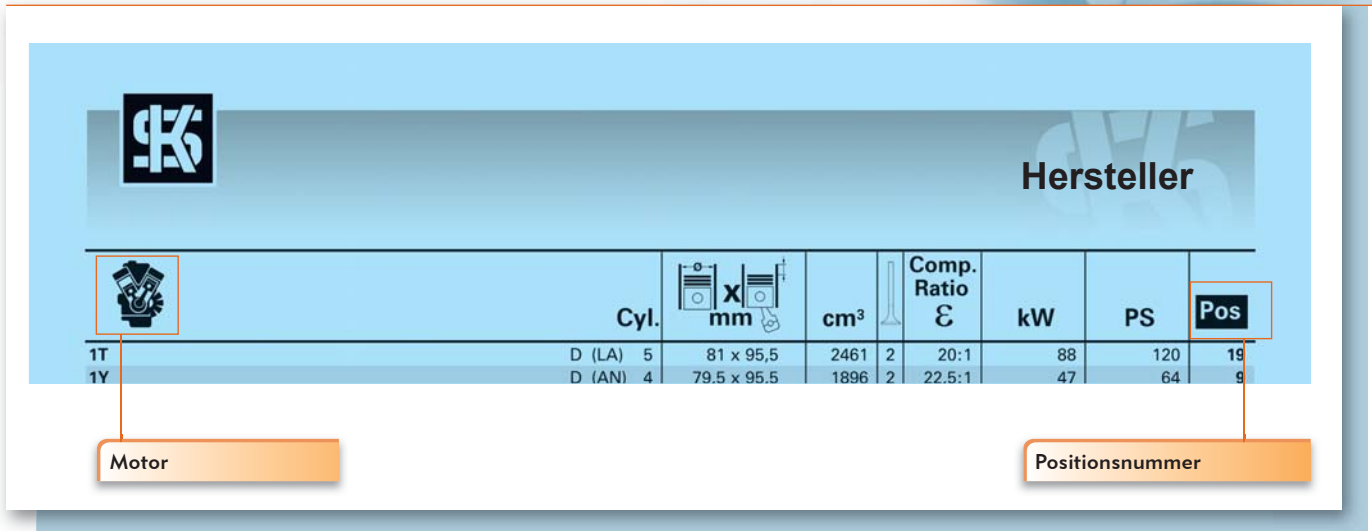

Verantwortungsvoller Umgang mit Ressourcen, der Schutz unserer Umwelt und die Einhaltung aller relevanten gesetzlichen Verpflichtungen ist für eine langfristige Zusammenarbeit mit allen unseren Partnern von großer Bedeutung. Dies waren die Gründe, die uns motivierten die Anforderungsnorm für Umweltmanagementsysteme ISO 14001 zu erfüllen und unsere Organisation zertifizieren zu lassen.

**Motor Service Group.
Quality and Service from a single source.**

The Motor Service Group is the sales organisation for the worldwide aftermarket activities of Kolbenschmidt Pierburg.

It is one of the leading suppliers of engine components for the independent aftermarket including the premium brands KOLBENSCHMIDT, PIERBURG and TRW Engine Components. Our comprehensive product range allows our customers to pro-

vide engine components from a single source. As a problem solver for dealers and garages, Motor Service offers extensive services and the technical expertise that you would expect from the subsidiary of one of the largest automotive suppliers.

**Kolbenschmidt Pierburg.
Renowned supplier to the international automotive industry.**

As long-standing partners to the automotive industry, the companies in the Kolbenschmidt Pierburg Group

develop innovative components and system solutions with acknowledged competence in air supply and emission control, for oil and water pumps, for pistons, engine blocks and engine bearings.

The products comply with the high demands and quality standards of the automotive industry. Low emissions, reduced fuel consumption, reliability, quality and safety – these are the forces that drive innovation at Kolbenschmidt Pierburg.

Important Information

Although the information provided in this catalogue has been carefully compiled, we cannot guarantee its accuracy and do not accept any liability for errors. In particular, we do not undertake any warranty for changes in the equipment by the manufacturers of vehicles or engines nor for changes in the designation of the parts. In case of doubt you are requested to contact our Technical Customer Service. Any references to errors in the catalogue which you may advise us of are welcome and will lead to corrections in future issues of the catalogue. Names, descriptions, numbers of vehicles or manufacturers etc. are only stated for reference. All products in the catalogue are spare parts of KS quality. All figures, schematic drawings and other data serve as explanatory and illus-

tration purposes only; hence they must not be used as a basis for installation work, or as scope of supply and design. This applies especially to information provided by manufacturers. Information and data relating to original spare part numbers of vehicle and engine manufactures only serve for comparison and reference. They are not original designations and must not be used when dealing with third parties. We cannot undertake any liability for the use of these reference lists in respect of changes and/or dimensional variances by the individual manufactures. To the extent that the catalogue includes articles not produced by the Motor Service Group, the product characteristics and data originate

from the respective manufacturer. Liability for the correctness of the data and suitability of the product for its intended purpose of application is expressly excluded. In order to safeguard suitability, it is essential to obtain expert advice from the manufacturer or its authorized repair shop in each specific case. The parts listed in the catalogue are not intended for use in aircraft. When using marine engines, please note that the same engine designations (e.g. pistons) can be used for different engine parts. This information may not be reproduced in any form, even as an excerpt, without our prior written consent and must include the proper references. The publication of this catalogue renders all former issues obsolete. Subject to change without notice.

Engine parts in OE quality

Agricultural machines, construction machines, materials-handling vehicles, production plants, plants for the mining industry and raw-materials production are powered by motors that are generally exposed to extreme stressing. Regular maintenance with the required replacement of wearing parts is a must due to the high

demands on endurance. For this reason, this entire industrial sector is particularly interested in the prompt worldwide availability of spare parts in supreme quality. This challenge is met by MSI every day. As an efficient and renowned leading spare parts supplier, we offer spare parts in OE quality for many motors in this sector.

Quality Management

As a sign that our Quality Management satisfies the requirements of the relevant international standards, we are certified to ISO 9001. Many of our customers, particularly automotive manufacturers that are household names around the world, come to our company with even more stringent requirements. For Quality Management, these requirements are summarised in the International Standard ISO/TS 16949. In order to satisfy our customers' wishes and to show that we can also fulfil these obligations that go far beyond the requirements of ISO 9001, our Quality Management is now also certified to this Standard ISO/TS 16 949. In the event of the occurrence of material or production faults despite continuous checks during the production process and the

comprehensive final inspection, we will of course undertake to repair the engine or replace the faulty product within the limitation period. We must be advised in writing of complaints of this nature within 30 days of the occurrence of the fault. The limitation period for claims for defects is 24 months, commencing from the delivery of the item. Claims for damages shall be void if the delivered item has been modified by a third party or parts from other manufacturers installed, unless the defect is not related to such modifications. Furthermore, they shall be void if the item was not handled or installed in accordance with the applicable regulations. Normal wear and tear and damage resulting from improper handling are excepted from the warranty.

Environmental Management

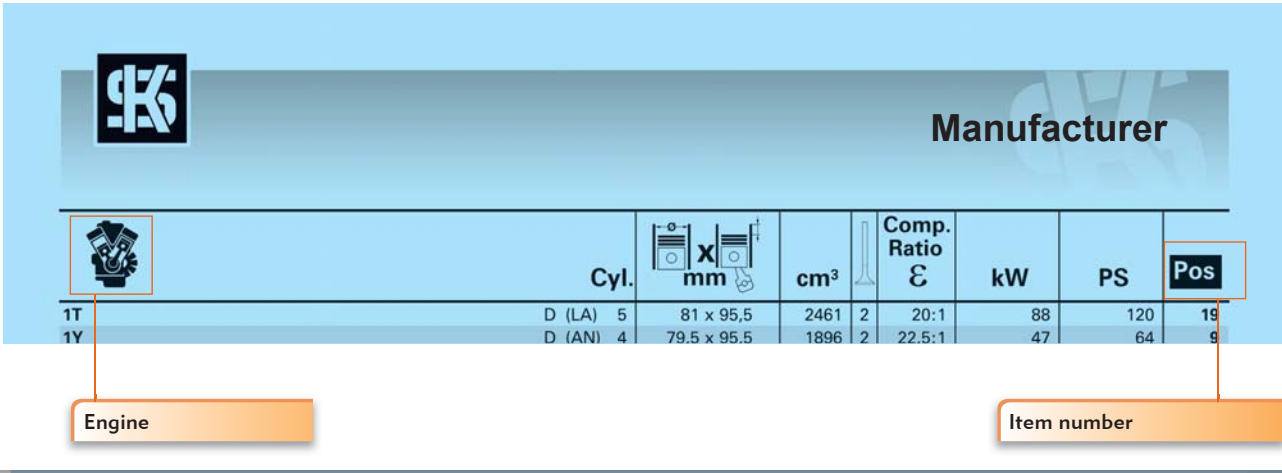

Handling resources responsibly, protecting our environment and compliance with all the relevant legal obligations is extremely important for our long-term cooperation with all our partners. This is what motivated us to satisfy the requirement standard for environmental management systems ISO 14001, and to get our organisation certified accordingly.

Groupe Motor Service. Qualité et Service d'une seule source.

Le Groupe Motor Service est l'organisme de distribution responsable du marché de la rechange au niveau mondial de la société Kolbenschmidt Pierburg.

Motor Service est l'un des premiers fournisseurs de composants moteurs pour le marché libre de la rechange sous les grandes marques KOLBENSCHMIDT, PIERBURG et TRW Engine Components. Un assortiment large et profond permet aux clients d'acquérir leurs pièces moteur d'une seule source. En tant que société spé-

cialisée pour résoudre les problèmes des grossistes et des garagistes, Motor Service offre un vaste éventail de prestations de service ainsi que la compétence technique d'une filiale d'un grand équipementier automobile.

Kolbenschmidt Pierburg. Equipementier renommé de l'industrie automobile internationale.

Comme partenaires de longue date de l'industrie automobile, les entreprises du Groupe Kolbenschmidt Pierburg développent de manière compétente des solutions innovatrices pour composants, modules et systèmes dans le

domaine de l'alimentation en air et pour la réduction des émissions nocives, dans la production des pompes à huile, à eau et à vide, ainsi que des pistons, des blocs moteur et des coussinets.

Les produits remplissent les hautes exigences de qualité imposées par l'industrie automobile. Dans le cadre des innovations de Kolbenschmidt Pierburg, les objectifs de motivation primordiaux sont la réduction des émissions nocives et celle de la consommation de carburant, la fiabilité, la qualité et la sécurité.

Note importante

Les informations et données réunies dans ce catalogue ont fait l'objet d'un travail méticuleux, mais n'engagent pas notre responsabilité. Nous ne répondons pas des modifications apportées à nos produits ou à leurs désignations par les constructeurs automobiles ou de moteurs. En cas de doute, veuillez vous adresser à notre service après-vente technique. De même, toutes les notifications d'erreurs éventuelles relevées dans ce catalogue seront les bienvenues et seront corrigées dans les versions futures. Les noms, les descriptions et les numéros de véhicules ou de constructeurs, etc. figurant dans ce catalogue ne sont donnés qu'à des fins de comparaison. Les articles mentionnées dans le catalogue sont des pièces de rechange de qualité KS. Les représentations, les dessins schématiques et autres éléments sont

destinés à expliquer et à illustrer nos produits et ne peuvent en aucun cas servir de base à l'installation des pièces, à la définition des étendues de fournitures et à la conception. Les numéros de pièce détachée d'origine utilisés par les fabricants de véhicules et de moteurs et que nous reprenons dans ce catalogue ne s'entendent qu'à des fins de comparaison. Ils ne constituent pas des désignations de provenance et ne doivent pas être utilisés dans les rapports avec des tiers. De ce fait, le contenu des listes comparatives ne saurait engager notre responsabilité, notamment en raison des modifications éventuellement apportées par les fabricants et/ou que des écarts de dimension pouvant exister entre l'un et l'autre. Dans la mesure où ce catalogue contient des articles qui n'ont pas été fabriqués par le Groupe Motor Service, c'est de leurs fabri-

cants que proviennent les informations et données fournies. Nous ne répondons pas de l'exactitude de ces informations et données ni de l'aptitude des produits à la finalité prévue. Afin de vous en assurer, veuillez, avant de les installer, prendre contact avec le fabricant ou l'un de ses concessionnaires autorisés qui sauront vous conseiller en expert. Les pièces proposées dans ce catalogue ne sont pas destinées au montage sur des avions ou des hélicoptères. En cas d'application sur des moteurs marins, il est possible que, sous le même code moteur, des pièces moteur (par exemple les pistons) différentes doivent être montées. Toute copie ou reproduction, intégrale ou partielle, faite sans notre consentement écrit et sans indication de source, est illicite. La présente édition remplace et annule toutes les éditions précédentes. Modifications réservées.

Pièces de moteurs de qualité d'origine

Les machines agricoles, les engins de chantier, les chariots élévateurs, les installations industrielles, les installations du secteur minier et celles destinées à l'extraction des matières premières sont entraînés par des moteurs, qui sont généralement soumis à des charges extrêmes. En raison de ces efforts importants, un entretien régulier et le remplacement des pièces d'usure

sont impératifs lors des délais d'immobilisation. Par conséquent, l'ensemble de la branche est particulièrement intéressée par une vaste gamme de pièces de rechange rapidement disponible et d'excellente qualité.

Cette exigence, MSI en a fait sa philosophie au quotidien. En tant que fournisseur important, efficace et renommé de pièces de rechange,

nous proposons des produits de qualité de première monte pour bon nombre de moteurs de ce secteur d'activité.

Gestion de la qualité

Nous sommes certifiés selon ISO 9001 afin de prouver que notre gestion de la qualité satisfait aux exigences des normes internationales en vigueur. Beaucoup de nos clients, en particulier les constructeurs automobile de renommée mondiale, en demandent encore plus. Pour la gestion de la qualité, ces exigences sont rassemblées dans la norme internationale ISO/TS 16949. Afin de répondre aux attentes de clients et de prouver que nous satisfaisons à des obligations bien plus exigeantes que celles d'ISO 9001, nous avons également fait certifier notre gestion de la qualité selon ISO/TS 16 949. Si malgré les contrôles effectués en permanence durant la production et le rigoureux contrôle final, un défaut matériel ou de fabrication se produit, nous prendrons naturellement en charge, durant le délai de prescription, la réparation du moteur

ou le remplacement du produit objet de la réclamation. De telles réclamations doivent nous être signalées par écrit dans les 30 jours qui suivent le moment de l'incident. Le délai de prescription de la responsabilité pour vices matériels est de 24 mois, à compter de la livraison du produit.

Aucune responsabilité pour vices matériels ne s'applique quand le produit livré a fait l'objet de modifications de la part d'un tiers ou en cas d'ajout de pièces d'origine tierce, à moins que ce vice ne soit pas en rapport causal avec la modification. Cette responsabilité ne s'applique pas non plus quand les prescriptions en vigueur n'ont pas été respectées pour le maniement et la pose. L'usure normale et tout endommagement dû à un maniement non conforme aux prescriptions ne sont pas couverts par la garantie.

Gestion de l'environnement

Une gestion responsable des ressources, la protection de notre environnement et le respect de la législation en vigueur sont d'une importance capitale pour une collaboration à long terme avec tous nos partenaires. C'est pourquoi nous avons décidé de faire certifier notre organisation conformément à la norme pour système de gestion de l'environnement, ISO 14001.

Grupo Motor Service. Calidad y servicios de un solo proveedor.

El Grupo Motor Service es la distribuidora responsable de las actividades de posventa de Kolbenschmidt Pierburg a escala mundial.

Es uno de los principales proveedores de componentes para motores en el mercado libre de repuestos y comercializa las prestigiosas marcas KOLBENSCHMIDT, PIERBURG y TRW Engine Components. El amplio y completo programa de Motor Service permite a sus clientes adquirir todo tipo de piezas para motores de un solo proveedor.

Como empresa especializada en resolver los problemas del comercio y de los talleres, Motor Service ofrece además una extensa gama de servicios y la competencia técnica que posee como filial de un gran proveedor de la industria del automóvil.

Kolbenschmidt Pierburg. Un prestigioso proveedor de la industria del automóvil internacional.

Las empresas del Grupo Kolbenschmidt Pierburg cooperan desde hace muchos años con los fabricantes de automóviles y desarrollan componentes innovadores y soluciones de sistema y gozan

de una competencia reconocida en las áreas de alimentación de aire y reducción de contaminantes, bombas de aceite, de agua y de vacío, pistones, bloques de motor y cojinetes de fricción.

Los productos cumplen los altos requerimientos y normas de calidad de la industria automotriz. Reducida emisión de contaminantes, consumo económico de carburante, fiabilidad, calidad y seguridad, estos son los factores decisivos que impulsan las innovaciones de Kolbenschmidt Pierburg.

Nota importante

Las informaciones y datos recopilados en este catálogo no son vinculantes aunque hayan sido elaborados conscientemente. Todas las reclamaciones de indemnización relacionada con ellos están excluidas. No respondemos de las modificaciones hechas a nuestros productos o a sus designaciones por los fabricantes de automóviles o motores. En caso de duda, diríjase a nuestro departamento técnico de posventa. Cualquier notificación de errores será bienvenida a fin de corregirlos para las versiones posteriores. Las denominaciones, descripciones y números de los automóviles o fabricantes, etc., que aparecen en este catálogo sólo tienen un fin comparativo. Las piezas mencionadas en el catálogo son repuestos cuya calidad corresponde a la de KS. Las representaciones, dibujos esquemáticos y otros datos explican e ilustran nuestros productos y no se pueden

tomar, en ningún caso, como base para la instalación de piezas ni para definir el alcance de suministro o el diseño. Esto vale también para los datos del fabricante.

Las referencias para los repuestos originales utilizadas por los fabricantes de automóviles y motores que aparecen en el presente catálogo se entienden únicamente a título de comparación. Ellas no son designaciones de procedencia ni deben utilizarse frente a terceros. Por lo tanto, no respondemos del contenido de las listas comparativas, sobre todo por los cambios que podrían efectuar eventualmente los fabricantes y/o por las dimensiones diferentes que ellos podrían mencionar.

La información y los datos de los artículos no fabricados por el Grupo Motor Service contenidos en este catálogo proceden de sus fabricantes. No nos responsabilizamos de su exactitud ni

de que los productos sean idóneos para la finalidad prevista. En todo caso, antes de efectuar el montaje contáctese con el fabricante o con uno de sus concesionarios oficiales para que le suministren la información necesaria. Las piezas ofrecidas en el catálogo no están destinadas al uso en aviones o helicópteros. En el caso de usarlas en motores marinos, quizá sea necesario montar piezas motrices diferentes (p.ej., pistones) en motores con códigos iguales. Las copias o reproducciones integrales o parciales realizadas sin nuestro consentimiento escrito y sin indicación de la fuente son ilícitas. La presente versión sustituye y anula todas las versiones anteriores. Nos reservamos el derecho a efectuar modificaciones sin previo aviso. Nos reservamos el derecho de hacer cambios.

Piezas del motor en calidad de primer equipo

Máquinas agrícolas, máquinas de construcción, vehículos de transporte, Instalaciones industriales, instalaciones en minería y para la adquisición de materias primas son accionadas por motores, que en su mayoría están expuestos a cargas extremas. Un mantenimiento periódico con la sustitución necesaria de piezas de desgaste es una obligación debido a las elevadas exigencias de

los tiempos de inactividad. A partir de este hecho está muy interesado todo el sector sobre la rápida y amplia disponibilidad de piezas de repuesto en la máxima calidad. A esta exigencia se enfrenta MSI día a día. Como gran, eficiente y renombrado proveedor de piezas de repuesto ofrecemos para muchos motores de este sector piezas de repuesto con la calidad de primer equipo.

Gestión de calidad

Como prueba de que nuestra gestión de calidad cumple los requisitos de las normas internacionales pertinentes, estamos certificados según ISO 9001. Muchos de nuestros clientes, sobre todo los fabricantes de automóviles de renombre mundial, nos imponen requisitos adicionales que debemos cumplir. En el caso de la gestión de calidad, estos requisitos adicionales se resumen en el estándar internacional ISO/TS 16949. Para satisfacer los deseos de nuestros clientes y para demostrar que cumplimos también estos requisitos que sobrepasan notablemente las obligaciones impuestas por ISO 9001, estamos certificados además según ISO/TS 16 949.

Si en algún caso, a pesar de los controles realizados constantemente durante el proceso de producción y del minucioso control final, se presentara un fallo de material o de fabricación, naturalmente nos hare-

mos cargo de la reparación del motor o sustituiremos el producto defectuoso dentro del plazo límite estipulado. Este tipo de reclamaciones se nos deben comunicar por escrito en un plazo de 30 días tras presentarse el fallo.

El plazo límite para las reclamaciones por defectos es de 24 meses, contados a partir de la fecha de envío del producto. El derecho de reclamaciones por defectos quedará sin vigencia si el producto suministrado es modificado por terceros o mediante el montaje de piezas de otros fabricantes, a menos que el defecto en cuestión no tenga ninguna relación causal con la modificación. El derecho a reclamación por defectos quedará, asimismo, sin vigencia si no se cumplen las prescripciones vigentes para el manejo y el montaje. El desgaste normal y los daños derivados de un manejo incorrecto están excluidos de la garantía.

Gestión medioambiental

Para nosotros es muy importante aprovechar los recursos naturales de forma responsable, proteger el medio ambiente y cumplir todas las obligaciones legales relevantes para establecer una colaboración a largo plazo con todos nuestros socios. Esos han sido los motivos que nos han llevado a cumplir la norma para sistemas de gestión medioambiental ISO 14001 y a obtener el certificado correspondiente.

Группа Motor Service.

Качество и сервис из одних рук.

Группа Motor Service – это организация по сбыту продукции концерна Kolbenschmidt Pierburg, активно действующая на мировом рынке обслуживания автомобилей. Она является ведущей фирмой, предлагающей компоненты двигателей для свободного рынка запасных частей высококачественных марок KOLBENSCHMIDT, PIERBURG и TRW Engine Components. Широкий и всеобъемлющий ассортимент позволяет заказчикам приобретать детали двигателей из одних рук. Для решения задач торговых пред-

приятий и мастерских она, являясь дочерней фирмой крупного поставщика автомобильной промышленности, предлагает, кроме того, обширный набор услуг и техническую компетенцию.

Kolbenschmidt Pierburg. Пользуясь хорошей репутацией поставщик международной автомобильной промышленности.

В качестве многолетних партнёров производителей транспортных средств предприятия группы Kolbenschmidt Pierburg с признанной компетентностью разрабатывают новаторские компоненты и систем-

ные решения в области снабжения воздухом и снижения содержания вредных веществ, масляных, водяных и вакуумных насосов, поршней, блоков цилиндров двигателей и подшипников скольжения.

Изделия удовлетворяют высоким требованиям и стандартам качества автомобильной промышленности. Низкий уровень выброса вредных веществ, экономное потребление топлива, надёжность, качество и безопасность являются определяющими стимулами новаторских решений Kolbenschmidt Pierburg.

Важные примечания

Данные продуктов в этом каталоге тщательно проработаны, но не являются для нас обязательными. Мы не гарантируем правильность данных. Мы не можем исключить изменений комплектации со стороны изготовителей автомобилей, а также двигателей или изменений обозначений. В каждом конкретном случае просим привести справки в нашем центре технического обслуживания клиентов. Мы всегда рады сообщением об ошибках в нашем каталоге и исправим их в следующих изданиях. Наименования, описания или номера автомобилей или изготовителей и т. п. приведены как информация для сравнений. Детали, названные в каталоге, являются запасными частями качества KS, но не подлинными частями. Рисунки, схемы и другие данные приведены для объяснений и дадут Вам общее представление, однако, они не являются

основой для монтажа, объема поставки и конструкции. В особенности это касается данных изготовителей. Данные о номерах подлинных запасных частей изготовителей автомобилей и двигателей служат только для сравнения. Они не говорят о происхождении и не могут применяться по отношению к третьим лицам. Мы не берем на себя никаких гарантий за использование сравнительных данных, прежде всего, из-за возможных изменений и/или различий в размерах того или иного изготовителя. Если этот каталог содержит изделия, которые были изготовлены не Группой Motor Service, то приводятся сведения об изделии и технические данные соответствующего производителя. Мы не берём на себя ответственность за правильность этих данных и за то, что этот продукт подходит для предполагаемого назначения. Для гарантирова-

ния ответственности каждый раз перед монтажом необходимо обратиться за профессиональным советом производителя или его мастерской, авторизованной на основании контракта. Детали, предлагающиеся в этом каталоге, не предназначаются для использования в летательных аппаратах. При их использовании в корабельных двигателях помните, что, несмотря на идентичные обозначения на двигателях всё же могут подходить другие детали двигателя (например, поршни). Перепечатка, воспроизведение и размножение, в том числе и отдельных частей, возможно только с нашего предварительного письменного согласия и с указанием источника. С появлением нового каталога старый теряет свою силу. Оставляем за собой право на внесение изменений.

Части двигателя оригинального качества предприятия-изготовителя

Сельскохозяйственные и строительные машины, грузоподъемный транспорт, промышленное оборудование, оборудование для горнодобывающей промышленности и для добычи сырья приводятся в действие двигателями, которые в большинстве случаев подвержены предельным нагрузкам. По причине высоких требо-

ваний, предъявляемых к сроку службы, регулярное техническое обслуживание при необходимой замене быстроизнашивающихся частей становится просто необходимым. По этой причине вся отрасль особенно заинтересована в быстрой и повсеместной возможности располагать запасными частями наилучшего качества. С

этим требованиям MS Motor Service International сталкивается каждый день. Мы, как большой, с высокой производительностью и пользующийся хорошей репутацией поставщик запасных частей предлагаем для многих двигателей из этой области запасные части оригинального качества предприятия-изготовителя.

Обеспечение качества

В знак того, что наша система обеспечения качества соответствует требованиям специальных международных норм, мы провели сертификацию ISO 9001. Многие из наших заказчиков, в частности, известные во всем мире производители транспортных средств, предъявляют дальнейшие требования к нашей фирме. Для системы менеджмента качества эти требования обобщены в Международном стандарте ISO/TS 16 949. Для того, чтобы удовлетворить желания заказчиков и показать, что мы выполняем также и эти, далеко выходящие за пределы требований ISO 9001 обязательства, мы сертифицировали нашу систему обеспечения качества также по ISO/TS 16 949. Если же, несмотря на непрерывно проводимый контроль во время производственного процесса и основательный заключительный контроль, всё-таки возникнет

дефект материала или изготовления, то мы, само собой разумеется, берем на себя или ремонт двигателя, или замену рекламируемого изделия в течение гарантийного срока. Рекламации подобного рода необходимо направлять нам письменно в течение 30 дней после обнаружения повреждения. Срок гарантии на наши изделия составляет 24 месяца, считая с момента поставки изделия. Гарантия теряет силу, если поставленный продукт был изменен третьей стороной или были вмонтированы части иного происхождения, за исключением случаев, когда дефект не связан с такими изменениями. Гарантия также теряет силу, если обращение с деталями или их монтаж осуществлялись не в соответствии с действующими предписаниями. Гарантия не распространяется на естественный износ и повреждение в результате неправильного обращения.

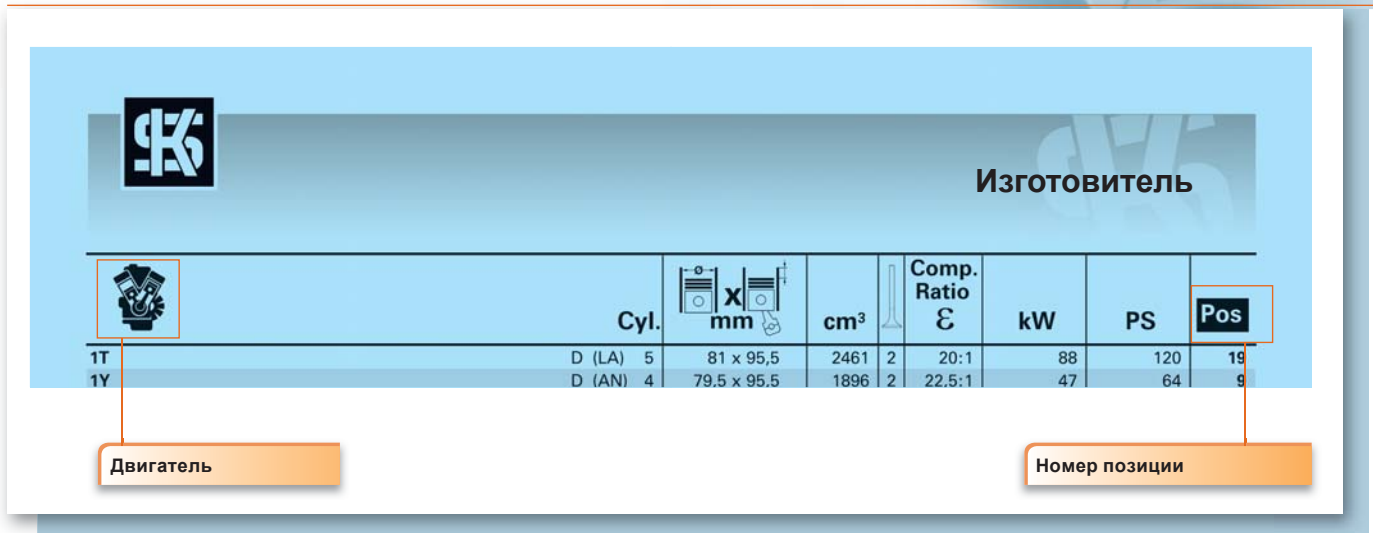

Менеджмент, занимающийся экологическими проблемами

Ответственное обращение с ресурсами, защита нашей окружающей среды и соблюдение всех установленных законом важных обязательств имеют большое значение для долгосрочного сотрудничества со всеми нашими партнерами. Это и стало причиной, мотивирующей нас выполнить требования систем менеджмента охраны окружающей среды ISO 14001 и сертифицировать нашу организацию.

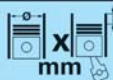

Указания по использованию каталога

Индекс двигателей

Каждый изготовитель имеет в начале подробное описание помощи к поиску. Отсортировано по обозначениям двигателей в алфавитно-цифровом порядке возрастания.

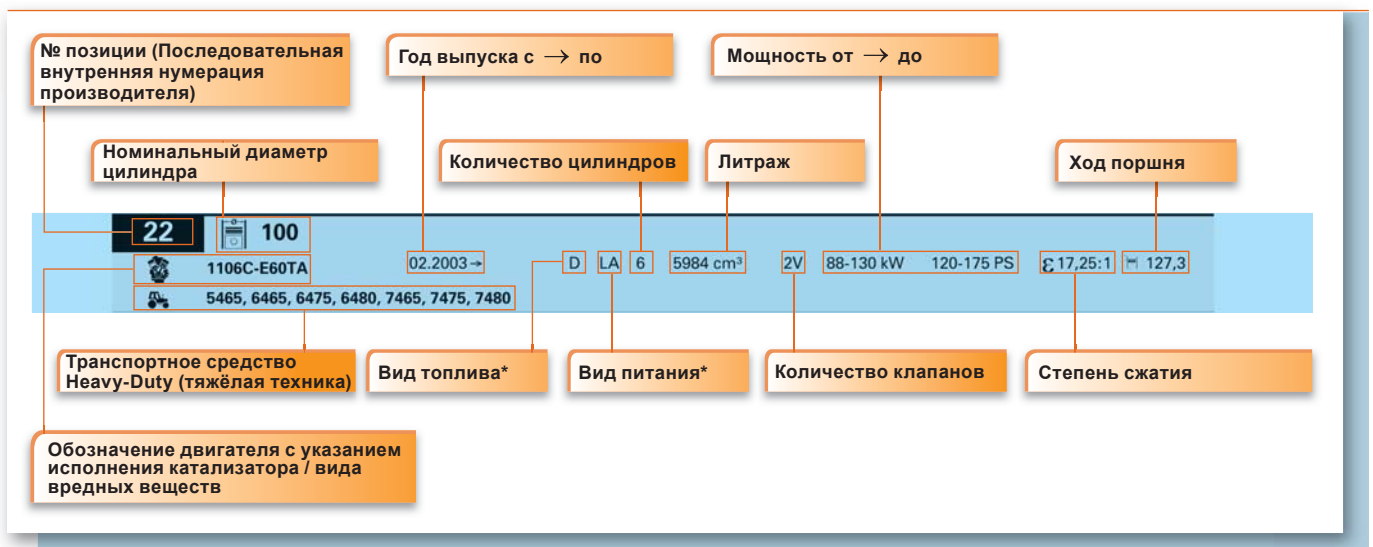

Изготовитель

		Cyl.	 mm	cm ³	Comp. Ratio ϵ	kW	PS	Pos	
1T	D (LA)	5	81 x 95,5	2461	2	20:1	88	120	19
1Y	D (AN)	4	79.5 x 95,5	1896	2	22.5:1	47	64	9

Двигатель (callout to the engine icon)

Номер позиции (callout to the Pos column)

Строка двигателей

№ позиции (Последовательная внутренняя нумерация производителя) | Год выпуска с → по | Мощность от → до

Номинальный диаметр цилиндра | Количество цилиндров | Литраж | Ход поршня

Piston: 90583600; Cylinder liner: 89534110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

90 584 960

Piston: 90584600; Cylinder liner: 89186110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

90 584 961

Piston: 90584600; Cylinder liner: 89324110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

90 584 963

Piston: 90584600; Cylinder liner: 89518110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

90 584 964

Piston: 90584600; Cylinder liner: 89534110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

90 585 960

Piston: 90585600; Cylinder liner: 89186110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

90 585 961

Piston: 90585600; Cylinder liner: 89324110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

90 585 963

Piston: 90585600; Cylinder liner: 89518110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

90 585 964

Piston: 90585600; Cylinder liner: 89534110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

89 186 110

N - Wet cylinder liner; finished; A=144.5 C=153.8 L=270 H+F=10.07+1, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

89 518 110

N - Wet cylinder liner; finished; A=144.5 C=153.8 L=270 H+F=10.27+1, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

89 324 110

N - Wet cylinder liner; finished; A=144.5 C=153.8 L=270 H+F=10.57+1, with oversized collar height 0,50 mm, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

89 534 110

N - Wet cylinder liner; finished; A=145 C=154.3 L=270 H+F=10.07+1, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

90 583 960 Piston: 90583600; Cylinder liner: 89186110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

90 583 961 Piston: 90583600; Cylinder liner: 89324110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

90 583 963 Piston: 90583600; Cylinder liner: 89518110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

90 583 964 Piston: 90583600; Cylinder liner: 89534110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

90 584 960 Piston: 90584600; Cylinder liner: 89186110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

90 584 961 Piston: 90584600; Cylinder liner: 89324110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

90 584 963 Piston: 90584600; Cylinder liner: 89518110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

90 584 964 Piston: 90584600; Cylinder liner: 89534110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

90 585 960 Piston: 90585600; Cylinder liner: 89186110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

90 585 961 Piston: 90585600; Cylinder liner: 89324110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

90 585 963 Piston: 90585600; Cylinder liner: 89518110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

90 585 964 Piston: 90585600; Cylinder liner: 89534110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

89 186 110 N - Wet cylinder liner; finished; A=144.5 C=153.8 L=270 H+F=10.07+1, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

89 518 110 N - Wet cylinder liner; finished; A=144.5 C=153.8 L=270 H+F=10.27+1, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

89 324 110 N - Wet cylinder liner; finished; A=144.5 C=153.8 L=270 H+F=10.57+1, with oversized collar height 0,50 mm, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

89 534 110 N - Wet cylinder liner; finished; A=145 C=154.3 L=270 H+F=10.07+1, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

Piston: 94851600; Cylinder liner: 89534110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

94 852 960

Piston: 94852600; Cylinder liner: 89186110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

94 852 961

Piston: 94852600; Cylinder liner: 89324110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

94 852 963

Piston: 94852600; Cylinder liner: 89518110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

94 852 964

Piston: 94852600; Cylinder liner: 89534110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

89 186 110

N - Wet cylinder liner; finished; A=144.5 C=153.8 L=270 H+F=10.07+1, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

89 518 110

N - Wet cylinder liner; finished; A=144.5 C=153.8 L=270 H+F=10.27+1, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

89 324 110

N - Wet cylinder liner; finished; A=144.5 C=153.8 L=270 H+F=10.57+1, with oversized collar height 0,50 mm, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

89 534 110

N - Wet cylinder liner; finished; A=145 C=154.3 L=270 H+F=10.07+1, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

99 330 960

Piston: 99330600; Cylinder liner: 89186110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

99 330 961

Piston: 99330600; Cylinder liner: 89324110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

99 330 963

Piston: 99330600; Cylinder liner: 89518110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

99 330 964

Piston: 99330600; Cylinder liner: 89534110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

99 331 960

Piston: 99331600; Cylinder liner: 89186110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

99 331 961

Piston: 99331600; Cylinder liner: 89324110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

99 331 963

Piston: 99331600; Cylinder liner: 89518110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

99 331 964

Piston: 99331600; Cylinder liner: 89534110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

99 332 960

Piston: 99332600; Cylinder liner: 89186110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

99 332 961

Piston: 99332600; Cylinder liner: 89324110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

99 332 963

Piston: 99332600; Cylinder liner: 89518110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

99 332 964

Piston: 99332600; Cylinder liner: 89534110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

89 186 110

N - Wet cylinder liner; finished; A=144.5 C=153.8 L=270 H+F=10.07+1, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

89 518 110

N - Wet cylinder liner; finished; A=144.5 C=153.8 L=270 H+F=10.27+1, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

89 324 110

N - Wet cylinder liner; finished; A=144.5 C=153.8 L=270 H+F=10.57+1, with oversized collar height 0,50 mm, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.

89 534 110

N - Wet cylinder liner; finished; A=145 C=154.3 L=270 H+F=10.07+1, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 891.
