94 331 960

Piston: 94331600; Cylinder liner: 89389110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 890.

94 331 961

Piston: 94331600; Cylinder liner: 89395110, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 890.

89 395 110

N - Wet cylinder liner; finished; A=144.5 C=153.8 L=253 H+F=10.42+1, with oversized collar height 0,50 mm, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 890.

89 389 110

N - Wet cylinder liner; finished; A=144.5 C=153.8 L=253 H+F=9.92+1, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 890.

89 556 110

N - Wet cylinder liner; finished; A=144.5 C=153.8 L=253 H+F=9.92+1, Water jacket with Plasma coating, For gas, marine, railway and stationary applications and when using alternative fuels, use only together with our special sealing ring set 50 007 890.

Verkaufs- und Lieferbedingungen

1. Auftragserteilung, abweichende Bedingungen

- 1.1 Lieferungen und Leistungen erbringen wir ausschließlich zu den nachfolgenden Bedingungen und etwigen, dem Besteller bekanntgegebenen Sonderbedingungen.
- 1.2 Allgemeine Geschäftsbedingungen des Bestellers gelten nur bei ausdrücklicher schriftlicher Bestätigung. Weder unterlassener Widerspruch noch Ausführung von Lieferung oder Leistung stellen eine Anerkennung fremder Geschäftsbedingungen dar.

2. Angebot, Angebotsunterlagen

- 2.1 Unser Angebot ist freibleibend, sofern sich aus der Auftragsbestätigung nichts anderes ergibt.
- 2.2 An Abbildungen, Zeichnungen und anderen Unterlagen, die dem Besteller überlassen werden, behalten wir uns Eigentums- und Urheberrechte vor; sie dürfen nicht für andere als die von uns angegebenen Zwecke verwendet oder Dritten zugänglich gemacht werden. Dies gilt insbesondere für schriftliche Unterlagen, die als "vertraulich" bezeichnet sind; vor ihrer Weitergabe an Dritte bedarf der Besteller unserer ausdrücklichen schriftlichen Zustimmung.
- 2.3 Alle Angaben in Katalogen, Abbildungen, Zeichnungen und sonstigen Unterlagen sind unverbindlich.
- 2.4 Für Inhalt und Umfang des Liefervertrages ist unsere schriftliche Auftragsbestätigung maßgebend. Die Übermittlung per Datenfernübertragung genügt der Schriftform.

3. Preise

- 3.1 Unsere Preise gelten ab Werk/Lager ausschließlich Verpackung und zuzüglich der zum Zeitpunkt der Rechnungsstellung jeweils gültigen gesetzlichen Mehrwertsteuer.
- 3.2 Wir behalten uns das Recht vor, unsere Preise entsprechend zu ändern, wenn nach Abschluß des Vertrages Kostensenkungen oder Kostenerhöhungen, insbesondere aufgrund von Tarifabschlüssen oder Materialpreisänderungen eintreten. Diese werden wir dem Besteller auf Verlangen nachweisen.

4. Lieferung

- 4.1 Die Einhaltung von vereinbarten Fristen für Lieferungen setzt den rechtzeitigen Eingang sämtlicher vom Besteller zu liefernden Unterlagen, erforderlichen Genehmigungen und Freigaben, insbesondere von Plänen, sowie die Einhaltung der vereinbarten Zahlungsbedingungen und sonstigen Verpflichtungen durch den Besteller voraus. Werden diese Voraussetzungen nicht rechtzeitig erfüllt, so verlängern sich die Fristen angemessen; dies gilt nicht, wenn wir die Verzögerung zu vertreten haben.
- 4.2 Höhere Gewalt, Arbeitskämpfe, Unruhen, behördliche Maßnahmen, Ausbleiben von Zulieferungen unserer Zulieferanten und sonstige unvorhersehbare, unabwendbare und schwerwiegende Ereignisse befreien die Vertragspartner für die Dauer der Störung und im Umfang ihrer Wirkung von den Leistungspflichten. Dies gilt auch, wenn diese Ereignisse zu einem Zeitpunkt eintreten, in dem sich der betroffene Vertragspartner in Verzug befindet. Die Vertragspartner sind verpflichtet, im Rahmen des Zumutbaren unverzüglich die erforderlichen Informationen zu geben und ihre Verpflichtungen den veränderten Verhältnissen nach Treu und Glauben anzupassen.
- 4.3 Schadensersatzansprüche des Bestellers gegen uns wegen Verzögerung der Leistung sind in allen Fällen verzögerter Lieferung, auch nach Ablauf einer uns etwa gesetzten Frist zur Lieferung, ausgeschlossen. Dies gilt nicht, soweit in Fällen des Vorsatzes oder der groben Fahrlässigkeit oder für die Verletzung von Leben, Körper und Gesundheit zwingend gehaftet wird; eine Änderung der Beweislast zum Nachteil des Bestellers ist hiermit nicht verbunden. Das gesetzliche Rücktrittsrecht des Bestellers bleibt unberührt. Vom Vertrag kann der Besteller im Rahmen der gesetzlichen Bestimmungen nur zurücktreten, soweit die Verzögerung der Lieferung durch uns zu vertreten ist.
- 4.4 Teillieferungen sind zulässig. Verzögert sich eine Teillieferung, so kann der Besteller hieraus keine Rechte wegen der übrigen Teilemenge geltend machen, es sei denn, die Teilerfüllung hat für ihn kein Interesse.
- 4.5 Unsere Lieferungen erfolgen ab Werk/Lager, sofern im Einzelfall nichts anderes vereinbart ist. Mit der Anzeige der Versandbereitschaft, spätestens, wenn die Ware das Werk/Lager verläßt, geht die Gefahr auf den Besteller über. Dies gilt auch, wenn wir den Transport durchführen. Eine Transportversicherung erfolgt nur nach besonderer Vereinbarung und auf Rechnung des Bestellers.
- 4.6 Einwegverpackungen werden nicht zurückgenommen. Der Besteller hat diese auf eigene Kosten zu entsorgen.

5. Selbstbelieferung

- Wir sind zur Aufschubung und/oder Aufhebung unserer hiervon betroffenen Lieferverpflichtung berechtigt, wenn richtige oder rechtzeitige Selbstbelieferung seitens unseres Vorlieferanten ohne unser Verschulden ausbleibt.

6. Sachmängelhaftung

- 6.1 Der Besteller hat nach der Lieferung die Ware unverzüglich zu untersuchen und etwaige Mängel unverzüglich schriftlich zu rügen. Verdeckte Mängel sind unverzüglich nach Entdeckung schriftlich zu rügen.
- 6.2 Bis zur Klärung der Reklamation darf beanstandete Ware nicht weiterverarbeitet werden. Uns ist Gelegenheit zu geben, gerügte Mängel an Ort und Stelle zu überprüfen. Im übrigen ist uns beanstandete Ware auf unseren Wunsch zu übersenden.
- 6.3 Dem Besteller überlassene Muster der Ware sind Orientierungs- oder Ausfallmuster. Ihre Überlassung berechtigt uns nach wie vor zur Lieferung nach handelsüblichen Toleranzen.
- 6.4 Bei Sachmängeln werden wir nach unserer Wahl den Mangel beseitigen oder eine mangelfreie Sache liefern, sofern der Sachmangel im Zeitpunkt des Gefahrübergangs vorlag. Schlägt die Nacherfüllung fehl, kann der Besteller – unbeschadet etwaiger Schadensersatzansprüche gemäß Ziffer 9 – die Vergütung mindern oder vom Vertrag zurücktreten. Ansprüche des Bestellers wegen der zum Zweck der Nacherfüllung erforderlichen Aufwendungen, insbesondere Transport-, Wege-, Arbeits- und Materialkosten, sind ausgeschlossen, soweit die Aufwendungen sich erhöhen, weil der Gegenstand der Lieferung nachträglich an einen anderen Ort als die Niederlassung des Bestellers verbracht worden ist, es sei denn, die Verbringung entspricht seinem bestimmungsgemäßen Gebrauch.
- 6.5 Gesetzliche Rückgriffsansprüche des Bestellers gemäß §§ 478, 479 BGB bestehen nur insoweit, als der Besteller mit seinem Abnehmer keine über die gesetzlichen Mängelansprüche hinausgehenden Vereinbarungen getroffen hat. Rückgriffsansprüche des Bestellers gegen uns bestehen darüber hinaus nur bis zur Höhe des Kaufpreises.
- 6.6 Mängelansprüche entstehen nicht, wenn der Fehler zurückzuführen ist auf Verletzung von Bedienungs-, Wartungs- und Einbauvorschriften, ungeeignete oder unsachgemäße Verwendung, fehlerhafte oder nachlässige Behandlung und natürlichen Verschleiß sowie vom Besteller oder von Dritten vorgenommene Eingriffe in den Liefergegenstand.
- 6.7 Die Verjährung für Mängelansprüche beträgt 24 Monate, gerechnet ab Gefahrübergang.
- 6.8 Auf Verlangen und auf unsere Kosten sind uns die fehlerhaften Teile unverzüglich zur Verfügung zu stellen.

7. Zahlungsbedingungen

- 7.1 Falls nicht anders vereinbart, sind unsere Rechnungen sofort nach Erhalt ohne Abzug zahlbar.
- 7.2 Kommt der Besteller in Zahlungsverzug, so sind wir berechtigt, Verzugszinsen in Höhe von 8% über dem Basiszinssatz zu berechnen.
- 7.3 Aufrechnungsrechte stehen dem Besteller nur zu, wenn seine Gegenansprüche rechtskräftig festgestellt oder von uns anerkannt sind. Außerdem ist er zur Ausübung eines Zurückbehaltungsrechts insoweit befugt, als sein Gegenanspruch auf dem gleichen Vertragsverhältnis beruht.
- 7.4 Sind mehrere Rechnungen oder Forderungen offen, so sind wir trotz einer etwaigen abweichenden Bestimmung des Bestellers berechtigt, die Reihenfolge der Tilgung zu bestimmen.
- 7.5 Werden uns nach Vertragsschluss Umstände bekannt, die bei Anlegung banküblicher Maßstäbe Zweifel an der Zahlungsfähigkeit begründen, oder ist der Besteller mit vereinbarten Zahlungszielen in Verzug, sind wir nach erfolglosem Ablauf einer angemessenen Nachfrist berechtigt, ausstehende Lieferungen nur gegen Vorkasse durchzuführen oder von der Stellung einer Sicherheit abhängig zu machen.

8. Eigentumsvorbehalt

- 8.1 Gelieferte Ware bleibt unser Eigentum bis zur Erfüllung aller gegenwärtigen Ansprüche aus Geschäftsverbindungen zwischen dem Besteller und uns (Vorbehaltsware). Für den Fall der Einleitung eines Insolvenzverfahrens über das Vermögen des Bestellers behalten wir uns den Rücktritt vor. Bei Pflichtverletzungen des Bestellers, insbesondere bei Zahlungsverzug, sind wir zum Rücktritt und zur Rücknahme berechtigt; der Besteller ist zur Herausgabe verpflichtet. Die Rücknahme bzw. Geltendmachung des Eigentumsvorbehalts erfordert keinen Rücktritt unsererseits; in diesen Handlungen oder einer Pfändung der Vorbehaltsware durch uns liegt kein Rücktritt vom Vertrag, es sei denn, wir hätten dies ausdrücklich erklärt.

- 8.2 Der Besteller ist zur getrennten Lagerung und Kennzeichnung der Vorbehaltsware verpflichtet. Der Besteller ist verpflichtet, die Vorbehaltsware pfleglich zu behandeln; insbesondere ist er verpflichtet, diese auf eigene Kosten gegen Feuer-, Wasser- und Diebstahlschäden zum Neuwert zu versichern. Sofern Wartungs- und Inspektionsarbeiten erforderlich sind, muß der Besteller diese auf eigene Kosten rechtzeitig durchführen.

- 8.3 Der Besteller darf die Vorbehaltsware weder verpfänden, noch zur Sicherung übereignen. Bei Pfändungen, Beschlagnahmungen oder sonstigen Verfügungen oder Eingriffen Dritter hat der Besteller uns unverzüglich zu benachrichtigen.

- 8.4 Der Besteller ist berechtigt, die Vorbehaltsware im ordentlichen Geschäftsgang weiter zu verkaufen; er tritt uns jedoch bereits jetzt alle Forderungen in Höhe des Rechnungsendbetrages unserer Forderung ab, die ihm aus der Weiterveräußerung gegen seine Abnehmer oder Dritte erwachsen, und zwar unabhängig davon, ob die Vorbehaltsware ohne oder nach Verarbeitung weiter verkauft worden ist. Zur Einziehung dieser Forderung bleibt der Besteller auch nach der Abtretung ermächtigt. Unsere Befugnis, die Forderung selbst einzuziehen, bleibt hiervon unberührt. Wir verpflichten uns, die Forderung nicht einzuziehen, solange der Besteller seinen Zahlungsverpflichtungen aus den vereinnahmten Erlösen nachkommt, nicht in Zahlungsverzug gerät, kein Antrag auf Eröffnung eines Insolvenzverfahrens gestellt ist oder keine Zahlungseinstellung vorliegt. In allen diesen Fällen können wir verlangen, daß der Besteller uns die abgetretenen Forderungen und deren Schuldner bekannt gibt, alle zum Einzug erforderlichen Angaben macht, die dazu gehörigen Unterlagen aushändigt und den Schuldnern (Dritten) die Abtretung mitteilt.

- 8.5 Eine Verarbeitung oder Umbildung der Vorbehaltsware nimmt der Besteller für uns vor, ohne daß uns daraus Verpflichtungen entstehen. Verbindet, vermischt, vermengt oder verarbeitet der Besteller unsere Vorbehaltsware, so erwerben wir das Miteigentum an der neuen Sache im Verhältnis des Wertes der Vorbehaltsware (Rechnungsendbetrag) zu den anderen verarbeiteten, vermengten, vermischten oder verbundenen Gegenständen zum Zeitpunkt der Verarbeitung, Vermengung, Vermischung oder Verbindung. Für die durch die Verarbeitung oder Verbindung entstehende Sache gilt im übrigen das gleiche wie für die unter Vorbehalt gelieferte Vorbehaltsware. Erfolgt die Vermischung oder Vermengung in der Weise, daß die Sache des Bestellers als Hauptsache anzusehen ist, so gilt als vereinbart, daß der Besteller uns anteilmäßig Miteigentum überträgt. Der Besteller verwahrt das so entstandene Alleineigentum oder Miteigentum für uns.

- 8.6 Übersteigt der Wert der uns gegebenen Sicherheiten unsere Forderungen insgesamt um mehr als 20%, so sind wir auf Verlangen des Bestellers verpflichtet, die überschüssenden Sicherheiten nach unserer Wahl freizugeben.

- 8.7 Sofern und soweit die Registrierung und/oder die Erfüllung anderer Erfordernisse Voraussetzung für die Wirksamkeit des Eigentumsvorbehalts ist, ist der Besteller verpflichtet, auf seine Kosten alle hierzu notwendigen Handlungen unverzüglich vorzunehmen und alle erforderlichen Mitteilungen zu machen. Falls und soweit die maßgebliche Rechtsordnung keine Vereinbarung eines Eigentumsvorbehalts zuläßt, wird der Besteller uns bei Inanspruchnahme von Warenkredit angemessene andere Sicherheiten stellen.

9. Sonstige Schadensersatzansprüche

- 9.1 Schadensersatzansprüche des Bestellers, gleich aus welchem Rechtsgrund, insbesondere wegen Verletzung von Pflichten aus dem Schuldverhältnis oder aus unerlaubter Handlung, sind ausgeschlossen.

- 9.2 Dies gilt nicht, soweit gesetzlich zwingend gehaftet wird, z. B. nach dem Produkthaftungsgesetz, in Fällen des Vorsatzes, der groben Fahrlässigkeit, wegen der Verletzung des Lebens, des Körpers oder der Gesundheit, wegen der Verletzung wesentlicher Vertragspflichten. Der Schadensersatzanspruch für die Verletzung wesentlicher Vertragspflichten ist jedoch auf den vertragstypischen, vorhersehbaren Schaden begrenzt, soweit nicht Vorsatz oder grobe Fahrlässigkeit vorliegt oder wegen der Verletzung des Lebens, des Körpers oder der Gesundheit gehaftet wird. Eine Änderung der Beweislast zum Nachteil des Bestellers ist mit den vorstehenden Regelungen nicht verbunden.

- 9.3 Soweit dem Besteller nach diesem Abschnitt 9 Schadensersatzansprüche zustehen, verjähren diese mit Ablauf der für Sachmängelansprüche geltenden Verjährungsfrist nach 6.7, soweit nicht zwingende gesetzliche Vorschriften entgegenstehen.

- 9.4 Soweit die Schadensersatzhaftung uns gegenüber ausgeschlossen oder eingeschränkt ist, gilt dies auch im Hinblick auf die persönliche Schadensersatzhaftung unserer Mitarbeiter, Vertreter und Erfüllungsgehilfen.

10. Rechte Dritter

- 10.1 Sofern ein Dritter wegen der Verletzung eines gewerblichen Schutzrechtes oder Urheberrechtes (Schutzrechte) durch von uns gelieferte, vertragsgemäß genutzte Produkte gegen den Besteller berechtigte Ansprüche erhebt, haften wir gegenüber dem Besteller wie folgt:

- 10.1.1 Wir werden nach unserer Wahl auf unsere Kosten entweder ein Nutzungsrecht für das Produkt erwirken, das Produkt so ändern, daß das Schutzrecht nicht verletzt wird, oder das Produkt austauschen. Ist uns dies nicht zu angemessenen Bedingungen möglich, haben wir das Produkt gegen Erstattung des Kaufpreises zurückzunehmen.

- 10.1.2 Unsere vorstehend genannten Verpflichtungen bestehen nur dann, wenn der Besteller uns über die vom Dritten geltend gemachten Ansprüche unverzüglich schriftlich verständigt, eine Verletzung nicht anerkennt und uns alle Abwehrmaßnahmen und Vergleichsverhandlungen vorbehalten bleiben. Stellt der Besteller die Nutzung des Produkts aus Schadensminderungs- oder sonstigen wichtigen Gründen ein, ist er verpflichtet, dem Dritten gegenüber darauf hinzuweisen, daß mit der Nutzungseinstellung kein Anerkenntnis einer Schutzrechtsverletzung verbunden ist.

- 10.2 Ansprüche des Bestellers sind ausgeschlossen, soweit er die Schutzrechtsverletzung zu vertreten hat oder soweit die Schutzrechtsverletzungen durch spezielle Vorgaben des Bestellers, durch eine von uns nicht voraussehbare Anwendung oder dadurch verursacht wird, daß das Produkt vom Besteller verändert oder zusammen mit nicht von uns gelieferten Produkten eingesetzt wird.

- 10.3 In den Fällen der Ziffer 10.2 stellt uns der Besteller von Ansprüchen Dritter frei.

- 10.4 Weitergehende Ansprüche gegen uns sind ausgeschlossen; Ziffer 9 (Sonstige Schadensersatzansprüche) bleibt jedoch ebenso unberührt wie das Recht des Bestellers zum Rücktritt vom Vertrag.

- 10.5 Bei Vorliegen sonstiger Rechtsmängel gelten die Bestimmungen nach Abschnitt 6 entsprechend.

11. Fertigungsmittel, Werkzeuge, Formeinrichtungen

- 11.1 Soweit der Besteller uns Fertigungsmittel (z.B. Werkzeuge, Kokillen, Formen oder Gesenke) zur Verfügung stellt, sind uns diese kostenfrei zuzusenden. Für deren Untergang, Verschlechterung oder unvollständige Rücklieferung und daraus resultierende Schäden übernehmen wir eine Haftung nur für grobe Fahrlässigkeit oder Vorsatz. Dies gilt nicht soweit gesetzlich zwingend gehaftet wird.

- 11.2 Wenn Fertigungsmittel von uns im Auftrag des Bestellers angefertigt oder beschafft werden, stellen wir hierfür anteilige Kosten gesondert in Rechnung; bei Gußteilen auch für Folgewerkzeuge. Bei Nichtausnutzung eines Werkzeuges übernimmt der Besteller die nicht gedeckten Kosten, auch der sonstigen typengebundenen Einrichtungen. Kosten für Modelle gehen stets in vollem Umfang zu Lasten des Bestellers. Die Fertigungsmittel bleiben unser Eigentum. Zur Herausgabe an den Besteller sind wir nicht verpflichtet. Dies gilt auch für Folgewerkzeuge.

- 11.3 Unsere dem Besteller ausgehändigten Zeichnungen und Unterlagen sowie unsere Vorschläge für die vorteilhafte Gestaltung und zur Herstellung der Teile dürfen an Dritte nicht weitergegeben und können von uns jederzeit zurückverlangt werden.

12. Erfüllungsort, Gerichtsstand, anwendbares Recht

- 12.1 Erfüllungsort der Zahlungsverpflichtung des Bestellers ist Neckarsulm, für unsere Verpflichtungen der Ort des Lieferwerkes/-lagers.

- 12.2 Gerichtsstand ist Heilbronn. Wir sind auch berechtigt, den Besteller an seinem allgemeinen Gerichtsstand zu verklagen.

- 12.3 Für alle Rechtsbeziehungen zwischen dem Besteller und uns gilt ausschließlich das materielle Recht der Bundesrepublik Deutschland unter Ausschluss des Kollisionsrechtes; das UN-Übereinkommen über Verträge über den Internationalen Warenkauf (CISG) findet keine Anwendung. Für die Auslegung von Lieferklauseln gelten die INCOTERMS in der jeweils gültigen Fassung.

13. Teilunwirksamkeit

- Die rechtliche Unwirksamkeit einzelner Bestimmungen dieser Bedingungen berührt die Wirksamkeit der übrigen Bestimmungen nicht.

14. Datenspeicherung

- Die für die Geschäftsabwicklung notwendigen Daten werden gespeichert und im Rahmen der Bestellabwicklung gegebenenfalls an Dritte weitergegeben. Alle personenbezogenen Daten werden selbstverständlich gemäß den Bestimmungen des Bundesdatenschutzgesetzes vertraulich behandelt.

General Conditions of Sale and Delivery

1. Order Placement, Diverging Conditions

- 1.1 We will provide goods and services exclusively on the basis of the terms and conditions set forth below as well as any special conditions notified to Buyer.
- 1.2 Buyer's standard terms and conditions shall only apply subject to express confirmation by us in writing. The omission to raise objections and/or the provision of goods or services on our part shall not be deemed to constitute our acceptance of other terms and conditions.

2. Offer, Offer Documents

- 2.1 Our offer is subject to alteration without notice, unless otherwise specified in the acceptance of order.
- 2.2 We reserve ownership and copyrights to any illustrations, diagrams, drawings and other documents submitted to Buyer; they may not be used for any purpose other than that specified by us nor may they be disclosed to third parties. This shall apply, in particular, to written documents marked "confidential"; Buyer must obtain our express prior written approval before forwarding such documents to third parties.
- 2.3 Any data and information contained in catalogues, illustrations, diagrams, drawings and other documents shall not be binding
- 2.4 Our written acceptance of order shall be mandatory for defining the contents and scope of the supply contract. Forwarding by remote data transmission shall comply with the requisite of transmission in written form.

3. Prices

- 3.1 Our prices relate to delivery ex works/warehouse exclusive of packing and are to be understood plus the respective statutory value added tax valid at the time of invoicing.
- 3.2 We reserve the right to revise our prices accordingly if after conclusion of the contract, any cost decreases or increases should occur, particularly as a result of collective wage agreements or changes in the cost of materials. We will furnish proof of any such changes towards Buyer, on request.

4. Delivery

- 4.1 Compliance with agreed delivery dates shall be dependent upon timely receipt of all documents, required approvals, releases and clearances to be provided by Buyer, particularly plans, and also compliance with the agreed terms of payment and other obligations to be met by Buyer. Should these prerequisites not be fulfilled on time, the delivery times will be extended analogously; this will not apply if we are responsible for the delay.
- 4.2 Force Majeure, industrial disputes, unrest, official action, failure to deliver on the part of our suppliers and other unforeseeable, unavoidable and serious events shall release the parties from their obligations to perform for the duration of the disturbances mentioned and to the extent of their impact. This shall also apply if such events occur at a time when the affected party is in delay. The parties shall be obliged to make best efforts in order to promptly provide the required information as can be reasonably expected and to adjust their obligations in good faith to the changed circumstances.
- 4.3 Any claims for damages lodged by Buyer against us on the grounds of delayed performance shall be excluded in all cases of delayed delivery, even after the expiration of a period set to us for delivery. This shall not apply insofar as mandatory liability applies to cases of damage caused intentionally or by gross negligence or to bodily injury; this shall not imply a reversal of the burden of proof to the detriment of Buyer. Buyer's statutory right to rescind the contract shall remain unaffected. Buyer may only withdraw from the contract within the scope of legal provisions inasmuch as a delay in delivery is attributable to us.
- 4.4 Part deliveries shall be allowable. Should a part consignment arrive late, Buyer may not derive any claims from this situation in respect of the full order, unless the part delivery is of no use to him.
- 4.5 Our deliveries are made ex works/warehouse, unless agreed otherwise in individual cases. Risk will pass over to Buyer on receipt of the advice of readiness for despatch or, at the latest, when the goods leave the works/warehouse. This shall also apply if the transport is carried out by us. Transport insurance shall be subject to special agreement and paid for by Buyer.
- 4.6 One-way packing will not be taken back. Buyer shall dispose of it at his own expense.

5. Sub-suppliers' Failure to Perform

We shall be entitled to postpone and/or cancel our respective supply obligations if for reasons not attributable to us we do not receive, correctly and on schedule, the necessary supplies from our sub-suppliers.

6. Liability for Defects

- 6.1 Buyer must examine the goods immediately on receipt and notify us without delay, in writing, of any defects. Hidden defects must be notified in writing immediately after being discovered.
- 6.2 In the case of complaints about defects, the goods which are the subject of such complaints must not be processed until the matter is clarified. We shall be given the opportunity to examine any notified defects on site. Moreover, the goods complained about shall be sent to us at our request.
- 6.3 Any samples delivered to Buyer are reference or out-turn samples. Delivery of such samples shall not affect our right to supply the goods in accordance with standard tolerances.
- 6.4 In the case of material defects we shall, at our discretion, either remedy the defect or provide goods that are free from defects provided that the material defect was existent at the time of the passage of risk. Should the rectification of defects fail, Buyer may reduce the amount to be paid or withdraw from the contract, irrespective of any claims for damages that may apply pursuant to Section 9. Any claims on the part of Buyer in respect of expenses incurred in connection with the rectification of defects, particularly cost of transport, mileage, labour and materials shall be excluded inasmuch as such expenses are increased due to the situation that the object of the supply was subsequently transferred to a place other than Buyer's establishment unless such a transfer is in conformance with the intended use.
- 6.5 Any claims under a statutory right of recourse pursuant to §§ 478, 479 German Civil Code (BGB) shall only apply inasmuch as Buyer did not conclude agreements with his customer exceeding the statutory warranty claims. Above and beyond this, Buyer's claims under a right of recourse shall not exceed the amount of the purchase price.
- 6.6 Warranty claims shall not arise if the defect complained about is attributable to non-compliance with operating, maintenance and/or installation instructions, unsuitable or improper use, faulty or negligent treatment, natural wear, and interference with the goods by Buyer or third parties.
- 6.7 The period of limitation for warranty claims shall be 24 months following the transfer of risk.
- 6.8 Upon our demand, the defective parts shall be immediately made available to us, at our expense.

7. Terms of Payment

- 7.1 Unless agreed otherwise, our invoices are due for payment immediately on receipt, without deduction.
- 7.2 If Buyer defaults, we shall be entitled to charge interest on arrears at the rate of 8% above the base interest rate.
- 7.3 Buyer shall only be entitled to set off if his counterclaims are res judicata or have been recognised by us. Furthermore, he shall be entitled to exercise a right of retention provided that his counterclaim is based on the same contractual relationship.
- 7.4 If several invoices or accounts receivable are outstanding, we shall be entitled to determine the sequence of discharge, irrespective of any existing provision to the contrary on the part of Buyer.
- 7.5 If after the conclusion of a contract, we become aware of circumstances that, in consideration of customary banking practice, call into question Buyer's ability to pay or if Buyer is in arrears in respect of the period allowed for payment and fails to pay on expiration of a reasonable extension of time, we shall be entitled to insist on cash in advance for deliveries still outstanding or to make such deliveries dependent on the provision of securities.

8. Retention of Title

- 8.1 Goods delivered shall remain our property until all pending claims derived from business relations between Buyer and us have been satisfied ("reserved goods"). For the event that insolvency proceedings are instituted against Buyer's assets, we reserve the right of rescission. In the event that the Buyer should not meet his obligations and, in particular, if he falls into arrears in payment, we shall be entitled to rescind and to take back the reserved goods; Buyer shall be obliged to surrender the reserved goods. The taking back of the reserved goods and reservation of title shall

not require a rescission on our part; such actions or the seizure of the reserved goods by us do not constitute a rescission of the contract, unless expressly declared by us.

- 8.2 Buyer shall be obliged to store and mark the reserved goods separately. Buyer shall be obliged to take good care of the reserved goods; in particular, he shall insure the reserved goods at his own cost against damage by fire, water and theft, at their replacement value. If the reserved goods require maintenance and inspection, Buyer must take care of this at his own cost and in due time.
- 8.3 Buyer may neither pledge the reserved goods nor transfer them by way of security. Buyer shall inform us without delay in the case of seizure, confiscation or other orders or interference by third parties.
- 8.4 Buyer shall be entitled to sell on the reserved goods in his ordinary course of business. However, he shall herewith assign to us all receivables up to the amount of our final invoice to which he becomes entitled as a result of reselling to his own customers or third parties, irrespective of whether the reserved goods are resold before or after processing. Buyer remains entitled to collect such receivables even after assigning them. Our entitlement to collect the receivables ourselves remains unaffected by this. We undertake not to collect the receivables provided that Buyer meets his payment obligations when due, from the proceeds, that no application is filed to initiate insolvency proceedings and that payments are not suspended. In all these cases, we may demand that Buyer informs us of the receivables assigned and the identity of the debtors, provides all the details required to enable the receivables to be collected, presents the relevant documents and notifies the debtors (third parties) of the assignment.
- 8.5 Buyer may process or convert the reserved goods on our behalf, without generating any commitments on our part. If Buyer combines, mixes, blends or processes our reserved goods, we shall acquire co-ownership to the new product in the proportion of the value of the reserved goods (final invoice amount) to the other processed, blended, mixed or combined items at the moment when the processing, blending, mixing or combining takes place. The product created as a result of processing or combining shall be subject to the same conditions as the reserved goods delivered under retention of title. If the mixing or blending takes place in such a manner that Buyer's product is considered to be the main item, it is agreed that Buyer shall transfer proportionate co-ownership to us. Buyer shall hold in custody, on our behalf, the object of sole ownership or co-ownership obtained in this way.
- 8.6 If the value of the security provided to us exceeds the value of our receivables by more than 20%, we shall be obliged, on Buyer's demand, to release the excess amounts at our discretion.
- 8.7 If and inasmuch as the registration and/or fulfillment of other requirements is a pre-condition for the effectiveness of our retention of title, Buyer shall have to take all necessary actions at his own cost and to provide all information required to this end. If and inasmuch as an agreement on the retention of title is not permitted under the relevant legal system, Buyer shall provide us with alternative appropriate security on taking advantage of credit on goods.

9. Miscellaneous Claims for Damages

- 9.1 Any claims for damages asserted by Buyer shall be excluded, regardless of their legal basis, particularly due to breach of duties deriving from contractual obligations or from illicit actions.
- 9.2 This shall not apply insofar as liability is mandatory, e.g. in accordance with the German Product Liability Act; in cases of intent; gross negligence; danger to life and limb and non-compliance with key contractual obligations. However, claims for damages regarding non-compliance with key contractual obligations shall be restricted to typical contractual damage that is foreseeable inasmuch as such damage is not caused intentionally or by gross negligence or liability applies to the danger to life and limb. The aforementioned provisions shall not entail a reversal of the burden of proof to the detriment of Buyer.
- 9.3 Insofar as Buyer is entitled to claims for damages in accordance with this Section 9, such claims shall fall under the statute of limitations upon the expiration of the period of limitations that applies to material defects in accordance with 6.7 unless this conflicts with statutory provisions.
- 9.4 Insofar as our liability for the payment of damages is excluded or restricted, this shall also apply to personal liability for compensation on the part of our employees, representatives and vicarious agents.

10. Third-party Rights

- 10.1 Should a third party, due to an intellectual property right or copyright (jointly referred to as "IP rights") having been infringed, bring a justified claim against Buyer in respect of the goods supplied by us having been used for their contractual purpose, we shall be liable to Buyer as follows:
 - 10.1.1 at our own cost, we shall at our discretion either acquire the right to use the product, modify the product so that IP rights are no longer infringed, or replace the product. If none of these measures is feasible at reasonable conditions, we shall take back the product in return for reimbursement of the purchase price;
 - 10.1.2 the obligations stated above will only materialise if Buyer immediately notifies us in writing of the claims brought by third parties, Buyer has not acknowledged an infringement and we are granted the right to all defensive measures and settlement negotiations. If Buyer stops using the product to limit damage or for any other reason, he must indicate to the third party that his ceasing to use the product does not constitute the recognition of an infringement of IP rights.
- 10.2 Any claims on the part of Buyer shall be excluded to the extent to which Buyer is responsible for infringing IP rights or if such an infringement is attributable to specific instructions imposed by Buyer, to a use not foreseeable by us or to the product having been changed by Buyer or used in combination with products not supplied by us.
- 10.3 In the cases stated in sub-clause 10.2, Buyer will exempt us from third party claims.
- 10.4 Any claims against us except those mentioned above shall be excluded; Clause 9 (Miscellaneous Claims for Damages) however, shall remain unaffected as does the right of Buyer to withdraw from the Contract.
- 10.5 In the event of other defects of title the provisions in accordance with Clause 6 shall apply analogously.

11. Production Equipment, Tools, Moulds

- 11.1 If Buyer provides us with production equipment (e.g. tools, moulds, cavities or dies), these shall be sent to us free of charge. We shall only be responsible for their loss, deterioration or incomplete return and any consequential damage, in the case of gross negligence or wilful default. This does not apply if the law stipulates liability.
- 11.2 If production equipment is manufactured or procured by us on behalf of Buyer, we shall charge for it separately at cost; for castings and mouldings and also for progressive dies. In the case of non-utilisation of a tool, Buyer shall pay the costs which have not been covered and also those relating to other type-specific equipment. The cost of prototypes shall always be paid in full by Buyer. The production equipment remains our property. We are not obliged to surrender this equipment to Buyer. This also applies to progressive dies.
- 11.3 Our drawings and documents and also our proposals for optimised design and manufacture of the components which are submitted to Buyer, may not be forwarded to third parties and we may ask for return of such documents at any time.

12. Place of Performance, Jurisdiction, Applicable Law

- 12.1 Neckarsulm is deemed the place of performance for Buyer's payment obligations. The supply plant/warehouse location is the place of performance for our obligations.
- 12.2 The place of jurisdiction is Heilbronn, Germany. We are also entitled to bring actions against Buyer at his place of jurisdiction as determined by the general law.
- 12.3 All legal relationships between us and Buyer shall be exclusively governed by German substantive law. The UN Convention on Contracts for the International Sale of Goods (CISG) shall not be applicable. The interpretation of delivery clauses shall be governed by the latest valid version of INCOTERMS.

13. Partial Ineffectiveness

The legal ineffectiveness of individual provisions contained in these General Conditions shall not affect the validity of the remaining provisions.

14. Data Storage

The data required to process business transactions will be stored and potentially forwarded to third parties in connection with the execution of orders. All personal data shall, of course, be treated confidentially in accordance with the provisions of the German Federal Data Protection Act.

Conditions Générales de Vente et de Livraison

1. Passation de commande, conditions dérogatoires

- 1.1 Nos livraisons et prestations de services sont régies exclusivement par les présentes Conditions et les Conditions Particulières qui ont été communiquées à l'acheteur.
- 1.2 Les Conditions Générales d'achat de l'acheteur ne peuvent s'appliquer sans accord préalable et écrit de notre part, l'absence d'opposition de notre part ou l'exécution de livraisons ou de prestations n'impliquant en aucun cas une acceptation desdites Conditions.

2. Offre, documentation de l'offre

- 2.1 Nos offres ne constituent aucun engagement de notre part, sauf dispositions particulières mentionnées dans la confirmation de commande.
- 2.2 Nous sommes titulaires des droits d'auteur et de propriété intellectuelle sur les illustrations, dessins ou tous autres documents qui seront remis à l'acheteur ; cette documentation ne pourra être utilisée qu'aux fins exclusives spécifiées par notre Société et ne pourra être communiquée à des tiers. La présente clause s'applique tout particulièrement aux documents écrits portant la mention « confidentiel » ; l'acheteur ne pourra les communiquer à des tiers qu'après autorisation écrite de notre part.
- 2.3 Les indications figurant dans les illustrations, les dessins, les catalogues et autres documents sont fournies à titre indicatif.
- 2.4 La teneur et l'étendue du contrat de livraison sont déterminées par notre confirmation écrite de la commande. La communication des données par transmission à distance suffit à satisfaire à l'obligation de la forme écrite.

3. Prix

- 3.1 Nos prix s'entendent sortie d'usine/d'entrepôt, emballage non compris. La taxe à la valeur ajoutée légalement en vigueur au moment de la facturation sera facturée en sus.
- 3.2 Nos prix sont valables sous réserve de modifications pouvant intervenir postérieurement à la conclusion du contrat ou à la passation de la commande et résultant d'augmentations ou de réductions des coûts, dues en particulier à la conclusion de conventions collectives, ou de variations dans les prix des matières. Sur demande de l'acheteur, un justificatif de ces modifications lui sera communiqué.

4. Livraison

- 4.1 Le respect des délais de livraison convenus est subordonné à la réception en temps opportun de tous les documents, autorisations et validations obligatoires qui doivent être fournis par l'acheteur, en particulier les plans. Le respect des délais de livraison est également soumis au respect des modalités de paiement convenues et à toutes les autres obligations à la charge de l'acheteur. En cas de non-respect de ces conditions préalables, les délais de livraison seront prorogés en conséquence. La présente clause ne s'appliquera pas si le retard occasionné est imputable à notre Société.
- 4.2 Les cas de force majeure, mouvements sociaux (grèves et autres), troubles sociaux, mesures administratives, défaut de livraison par nos sous-traitants, ainsi que tout autre événement grave, imprévisible et inéluctable, libéreront les parties au contrat de leurs obligations contractuelles pendant la période de leur durée et dans la mesure de leurs effets. La présente clause s'appliquera également si les événements mentionnés ci-dessus surviennent alors que la partie affectée est en retard dans l'exécution de ses obligations. Les parties au contrat s'engagent, dans la mesure du possible, à informer immédiatement l'autre partie de la survenance de telles circonstances et à adapter en toute bonne foi leurs obligations aux changements de situation en résultant.
- 4.3 Toute prétention de l'acheteur à des dommages et intérêts à notre encontre pour retard dans l'exécution de la prestation est exclue dans tous les cas de livraison retardée, même après expiration d'un éventuel délai qui nous aurait été fixé pour la livraison. Cette règle ne s'appliquera pas si la responsabilité est obligatoirement engagée pour cause d'intention délictueuse, de négligence grave ou d'atteinte à la vie, à l'intégrité du corps ou de la santé des personnes. La charge de la preuve n'en sera pas modifiée au détriment de l'acheteur. Le droit légal de désistement de l'acheteur n'en sera pas affecté. L'acheteur ne pourra se désister du contrat, dans le cadre des dispositions légales, que dans le cas où le retard de la livraison nous serait imputable.
- 4.4 Les livraisons partielles sont autorisées. En cas de retard dans une livraison partielle, l'acheteur ne pourra se prévaloir d'aucun droit portant sur le reste des quantités à livrer, sauf si la livraison partielle est pour lui dépourvue d'intérêt particulier.
- 4.5 Nos livraisons sont effectuées sortie d'usine/d'entrepôt, sauf accord particulier intervenant dans des cas spécifiques. Les risques sont transférés à l'acheteur dès l'avis indiquant que la marchandise est prête à l'expédition, au plus tard, lorsque la marchandise quitte l'usine/l'entrepôt. Les dispositions de la présente clause s'appliquent également si le transport est effectué par nos soins. Une assurance transport peut être souscrite uniquement après accord formel et à la charge de l'acheteur.
- 4.6 Les emballages perdus ne seront pas repris. L'acheteur est tenu d'assurer l'élimination de ces emballages à ses frais.

5. Réserve d'approvisionnement par nos fournisseurs

Nous sommes autorisés à différer et/ou à annuler notre obligation de livraison telle que mentionnée aux présentes lorsque nos propres fournisseurs ne nous livrent pas en temps voulu ou ne nous livrent pas correctement, sans que nous puissions en être tenus pour responsables.

6. Garantie des vices

- 6.1 L'acheteur s'oblige à vérifier immédiatement la marchandise après la livraison et à envoyer une réclamation écrite dans les plus brefs délais signalant les vices éventuellement constatés. Les vices cachés seront signalés par une lettre de réclamation immédiatement après leur découverte.
- 6.2 Aussi longtemps que le problème ne sera pas réglé, l'acheteur s'interdira de procéder à la transformation de la marchandise incriminée. Il devra nous donner la possibilité d'examiner la marchandise sur place. Par ailleurs, sur demande de notre part, l'acheteur devra nous renvoyer la marchandise objet de la réclamation.
- 6.3 Les échantillons de la marchandise remis à l'acheteur sont des échantillons fournis à titre d'information et de référence. Leur délivrance nous autorise toujours à livrer en tenant compte des tolérances admises habituellement dans le commerce.
- 6.4 En cas de défauts matériels détectés sur la marchandise, le choix nous reviendra de réparer ledit défaut ou de livrer une marchandise de remplacement en parfait état, si tant est que le défaut matériel ait été présent au moment du transfert des risques. Si la réparation échoue, l'acheteur pourra réduire le prix ou se désister du contrat, sans préjudice des droits éventuels aux dommages et intérêts cités au paragraphe 9. Nous prenons en charge les frais nécessaires à l'élimination du défaut, notamment les frais de transport, de déplacement, de main d'œuvre et de matériel, si tant est que lesdits frais ne soient pas augmentés par le fait que la marchandise a été transportée ultérieurement dans un autre endroit que le lieu d'établissement de l'acheteur, à l'exception des cas où ledit déplacement correspond à l'usage auquel la marchandise est destinée.
- 6.5 L'acheteur ne pourra se prévaloir de droits légaux au recours suivant les articles 478 et 479 du Code Civil allemand que s'il n'a pas conclu avec son client d'accords allant au-delà des droits légaux nés de la constatation de défauts matériels. D'autre part, les droits au recours de l'acheteur à notre encontre seront limités au montant du prix d'achat.
- 6.6 Les prétentions de l'acheteur pour cause de défauts matériels seront nulles et non avenues si le défaut résulte d'un manquement aux consignes de manœuvre, de maintenance et de montage, de l'usage inapproprié ou incorrect de la marchandise, d'un traitement impropre ou négligent et de l'usure naturelle, ou encore d'interventions opérées par l'acheteur ou par des tiers sur la marchandise livrée.
- 6.7 La prescription des revendications pour vices est de 24 mois, à dater du transfert des risques.
- 6.8 Les pièces défectueuses seront mises immédiatement à notre disposition sur notre demande et à nos frais.

7. Modalités de paiement

- 7.1 Sauf accord particulier, nos factures sont payables immédiatement à leur réception, sans déduction aucune.
- 7.2 En cas de retard de paiement de l'acheteur, nous nous réservons le droit d'exiger le paiement d'intérêts de retard d'un montant de 8 % supérieur au taux d'intérêt de base.
- 7.3 L'acheteur n'aura droit à la compensation que dans la mesure où ses contre-prétentions auront acquis force de choses jugées ou si nous les avons reconnues. D'autre part, il ne sera autorisé à l'exercice du droit de rétention que dans la mesure où sa contre-prétention repose sur la même relation contractuelle.
- 7.4 Dans l'hypothèse où plusieurs factures ou créances demeurent impayées, nous nous réservons le droit de définir la chronologie de l'apurement des dettes, sans tenir compte d'une éventuelle disposition différente du client.
- 7.5 Si, après la conclusion du contrat, des circonstances mettant en doute la solvabilité de l'acheteur (éta- bilité selon des critères bancaires habituels) étaient portées à notre connaissance ou si l'acheteur venait à prendre du retard dans les échéances convenues pour le paiement, nous serons en droit, après expiration sans résultat d'un délai supplémentaire raisonnable, d'exiger le paiement anticipé des livraisons en attente ou d'en subordonner l'exécution à la constitution d'une sûreté.

8. Réserve de propriété

- 8.1 La marchandise livrée demeure notre propriété jusqu'à satisfaction complète de tous les droits existants découlant des relations commerciales entre l'acheteur et notre Société (marchandise sous réserve de propriété). L'introduction d'une procédure de dépôt de bilan sur le patrimoine de l'acheteur nous autorise au désistement du contrat. En cas de violation des obligations contractuelles de l'acheteur, en particulier en cas de retard de paiement, nous serons autorisés au désistement du contrat et à la reprise de la marchandise sous réserve de propriété ; l'acheteur sera dans l'obligation de restituer la marchandise.

- Le fait que nous reprenions la marchandise ou le fait de faire valoir la réserve de propriété ne nécessite pas un désistement du contrat de notre part. Ces faits ou une saisie de la marchandise sous réserve par notre Société ne constituent pas un désistement du contrat, sauf si nous l'avons expressément signifié.
- 8.2 L'acheteur s'engage à stocker séparément et à identifier la marchandise sous réserve de propriété. Il s'oblige également à prendre soin de cette marchandise. En particulier, il est tenu d'assurer à ses frais la marchandise, pour sa valeur à l'état neuf, contre l'incendie, les dégâts des eaux et le vol. Dans la mesure où des travaux de maintenance et d'entretien seraient nécessaires, l'acheteur s'engage à les effectuer en temps voulu et à ses frais.
 - 8.3 L'acheteur n'est pas autorisé à nantir la marchandise sous réserve de propriété, ni à la transférer à titre de sûreté. L'acheteur devra nous informer immédiatement en cas de saisie, de confiscation ou de toute autre disposition ou intervention émanant de tiers.
 - 8.4 L'acheteur est autorisé à revendre la marchandise sous réserve de propriété dans le cadre d'opérations commerciales régulières, mais il nous cède d'ores et déjà toutes les créances résultant de la revente de la marchandise en question à ses clients ou à des tiers à hauteur du montant total de la somme due et ce, indépendamment du fait que la marchandise sous réserve de propriété ait été revendue sans ou après transformation. L'acheteur est autorisé à recouvrer cette créance même après la cession, notwithstanding notre pouvoir de recouvrer nous-mêmes ladite créance. Nous nous engageons à ne pas recouvrer la créance pour autant que l'acheteur respecte ses obligations de paiement sur les produits financiers réalisés, qu'il n'est pas en retard de paiement, qu'il n'existe pas de demande d'ouverture d'une procédure de dépôt de bilan ou qu'il n'est pas en état de cessation des paiements. Dans tous les cas cités ci-dessus, nous serons en droit d'exiger que l'acheteur nous fasse connaître les cessions de créances et leurs débiteurs, qu'il nous donne toutes les indications nécessaires à leur recouvrement, qu'il nous fournisse tous les documents correspondants et qu'il informe les débiteurs (tiers) de la cession des créances. L'acheteur procède pour notre compte à l'usinage ou à la transformation de la marchandise sous réserve de propriété sans qu'il en résulte pour nous une obligation quelconque. Si l'acheteur procède à des allages, des mélanges, des incorporations ou des transformations de notre marchandise sous réserve de propriété, nous acquérons de ce fait une copropriété sur la chose nouvelle en résultant, au prorata de la valeur initiale de cette marchandise (montant final de la facture) par rapport aux autres éléments transformés, incorporés, mélangés ou alliés au moment de la réalisation des opérations correspondantes. L'objet résultant de la transformation ou de l'alliage est soumis aux mêmes clauses que la marchandise livrée sous réserve de propriété. Si le mélange ou l'incorporation s'effectue dans une proportion telle que la chose de l'acheteur puisse être considérée comme la chose principale, il est réputé convenu par les présentes que l'acheteur nous en cède la copropriété au prorata. L'acheteur sera le dépositaire pour nous de la propriété exclusive ou de la copropriété ainsi engendrée.
 - 8.6 Si la valeur des sûretés qui nous ont été consenties excède nos créances de plus de vingt pour cent (20 %), nous nous engageons, sur demande de l'acheteur, à libérer les sûretés excédentaires selon notre choix.
 - 8.7 Dès lors et si tant est que l'enregistrement et/ou la satisfaction d'autres exigences constituent une condition préalable à la validité de la réserve de propriété, l'acheteur sera tenu de procéder immédiatement et à ses frais à tous les actes nécessaires et de faire les communiqués nécessaires. Dans l'hypothèse où le système juridique en vigueur n'autoriserait pas de clause contractuelle de réserve de propriété, l'acheteur faisant usage d'un crédit commercial s'engage à nous fournir d'autres garanties appropriées.

9. Autres droits aux dommages et intérêts

- 9.1 Tout droit à indemnisation de l'acheteur est exclu, quel qu'en soit le motif juridique, en particulier pour atteinte aux obligations inhérentes au rapport juridique entre le créancier et le débiteur ou pour acte illicite.
- 9.2 La présente clause ne s'applique pas dès lors que la responsabilité est obligatoire de par la loi, par exemple aux termes de la Loi relative à la garantie implicite du produit, en cas de faute intentionnelle, de négligence grave, d'atteinte à la vie, à l'intégrité du corps ou de la santé, et en cas de manquement à des obligations contractuelles majeures. Le droit aux dommages et intérêts en cas de manquement à des obligations contractuelles majeures sera toutefois limité au dommage prévisible, caractéristique du contrat, si tant est qu'il n'y ait pas eu intention délictueuse ou négligence grave, ou que la responsabilité soit obligatoirement engagée pour atteinte à la vie ou à l'intégrité du corps ou de la santé. Les dispositions susvisées n'emportent pas modification de la charge de la preuve au détriment du client.
- 9.3 Si l'acheteur peut prétendre aux dommages et intérêts aux termes du présent paragraphe 9, ces droits seront prescrits à l'expiration du délai de prescription cité au paragraphe 6.7, en vigueur pour les prétentions résultant du vice de la marchandise, si tant est que des dispositions impératives de la loi ne s'y opposent pas.
- 9.4 Toute exclusion ou limitation de notre responsabilité en matière d'indemnisation s'applique également à la responsabilité personnelle de nos employés, de nos représentants et de nos agents d'exécution.

10. Droits des tiers

- 10.1 Dès lors qu'un tiers fait valoir à l'encontre de l'acheteur des droits justifiés pour atteinte à ses droits de propriété industrielle ou droits d'auteur (droits de protection) par des produits que nous avons livrés et qui sont utilisés aux termes du contrat, nous sommes responsables vis-à-vis de l'acheteur dans les conditions suivantes :
 - 10.1.1 Le choix nous reviendra, soit d'acquiescer à nos frais un droit d'utilisation pour le produit, soit de modifier le produit de telle sorte qu'il ne porte pas atteinte audit droit de propriété, soit d'échanger le produit. Si ces opérations ne sont pas réalisables à des conditions raisonnables, nous nous engageons à reprendre le produit contre remboursement du prix d'achat.
 - 10.1.2 Nos obligations mentionnées ci-dessus ne seront valides que si l'acheteur nous informe immédiatement par écrit des prétentions alléguées par la tierce personne, s'il ne reconnaît pas d'atteinte auxdits droits et si nous toutes mesures de défense et de négociations de conciliation nous sont réservées. Si l'acheteur cesse d'utiliser le produit incriminé dans le but de réduire le préjudice ou pour toute autre raison, il sera tenu d'informer le tiers qu'il ne pourra y avoir reconnaissance d'atteinte au droit de propriété du fait de la cessation de l'utilisation.
- 10.2 Tout droit de l'acheteur sera exclu si la violation des droits de propriété lui est imputable ou si ladite violation est causée par des indications spéciales données par l'acheteur, par une utilisation non prévisible de notre part ou par le fait que l'acheteur utilise le produit après l'avoir modifié ou en association avec des produits qui ne font pas partie de nos livraisons.
- 10.3 Dans les cas cités à l'alinéa 10.2. ci-dessus, l'acheteur ne pourra faire valoir à notre encontre aucun droit de tiers.
- 10.4 Tout autre droit additionnel à faire valoir à notre encontre est exclu ; l'article 9 (Autres droits aux om- mages et intérêts) n'en sera toutefois pas affecté, de même que le droit de l'acheteur à se désister du contrat.
11. **Moyens de fabrication, outillage/outils, équipements de moulage**
 - 11.1 Dès lors que l'acheteur met à notre disposition des moyens de fabrication (ex. outils, moulages en coquille, moules ou matrices), ceux-ci nous seront envoyés gratuitement. Notre responsabilité en ce qui concerne leur disparition, leur dégradation ou leur réexpédition incomplète et les dommages en résultant ne pourra être engagée qu'en cas de négligence grave ou de faute intentionnelle. La présente clause ne s'appliquera pas si la responsabilité est obligatoire de par la loi.
 - 11.2 Lorsque l'acheteur nous chargera de fabriquer ou d'acheter des moyens (outils) de fabrication, une part des coûts en résultant lui seront facturés séparément. Il en ira de même pour les pièces coulées et pour les outillages complémentaires. Dans le cas où un outil ne serait pas utilisé, l'acheteur prendra à sa charge les coûts non couverts et les coûts des divers équipements spécifiques. Les coûts des modèles seront toujours intégralement à la charge de l'acheteur. Les moyens de fabrication resteront notre propriété. Nous ne serons pas tenus de les restituer à l'acheteur. Il en ira de même des outillages complémentaires.
 - 11.3 La transmission à des tiers des dessins (schémas) et des documents que nous remettons à l'acheteur, ainsi que de nos propositions visant à une meilleure conception et de celles concernant la fabrication des pièces n'est pas autorisée et nous serons en droit d'exiger leur restitution à tout moment.
12. **Lieu d'exécution, juridiction compétente, droit applicable**
 - 12.1 Le lieu d'exécution des obligations de paiement de l'acheteur est Neckarsulm. Le lieu d'exécution de nos propres obligations est le site de l'usine / de l'entrepôt de livraison.
 - 12.2 Tribunal compétent : Heilbronn. Nous sommes également autorisés à assigner l'acheteur devant les tribunaux auxquels il est rattaché en général.
 - 12.3 Toutes les relations de droit entre l'acheteur et notre Société sont soumises exclusivement au droit matériel de la République fédérale d'Allemagne, sans recours au droit relatif aux conflits de lois ; la Convention des Nations Unies en matière de contrats pour le commerce international des biens (CISG) n'est pas applicable. La version en vigueur des INCOTERMS sera utilisée pour l'interprétation des clauses relatives à la livraison.

13. Nullité partielle

La nullité juridique de certaines des clauses des présentes Conditions de Vente et de Livraison n'affectera pas les autres clauses qui demeureront pleinement valides et applicables.

14. Enregistrement des données

Les données nécessaires au suivi des affaires sont enregistrées et, dans le cadre du traitement des commandes, éventuellement transmises à des tiers. Toutes les données personnelles sont, bien entendu, traitées sous le sceau de la confidentialité, conformément aux dispositions de la Loi allemande Informatique et Libertés.

Conditions Générales de Vente et de Livraison de la société MS Motor Service International GmbH. Version 01/2003

Condiciones de venta y entrega

1. **Adjudicación del pedido, condiciones especiales**
 - 1.1 Los suministros y la prestación de servicios se efectúan exclusivamente conforme a las condiciones relacionadas a continuación, y conforme a las condiciones especiales comunicadas al comprador.
 - 1.2 Las condiciones generales expresadas por el comprador serán válidas sólo en caso de confirmación expresa por escrito. Ni la omisión de oposición ni la ejecución del suministro o la prestación de servicios constituyen una aceptación de condiciones comerciales de terceros.
2. **Oferta y documentación referente a la oferta**
 - 2.1 En tanto no se exprese lo contrario en la confirmación de pedido, nuestra oferta es sin compromiso.
 - 2.2 Nos reservamos derechos de propiedad y de autor respecto a ilustraciones, dibujos y demás documentos entregados al comprador, que no deberán emplearse para fines diferentes de los indicados por el proveedor, ni podrán ser entregados ni hechos accesibles a terceros. Lo anterior vale sólo para toda documentación escrita, marcada como "confidencial". Antes de entregar dicha documentación a terceros, el comprador deberá obtener nuestra autorización expresa, por escrito.
 - 2.3 Los datos en ilustraciones, dibujos, catálogos y demás documentos son sin compromiso.
 - 2.4 Para el contenido y el alcance del contrato de suministro es determinante nuestra confirmación del pedido por escrito. Para la comunicación por teletransmisión de datos bastará la forma escrita.
3. **Precios**
 - 3.1 Nuestros precios se entienden franco fábrica/almacén, sin el embalaje, más el impuesto sobre el valor añadido (IVA) vigente en cada caso en el momento de la facturación.
 - 3.2 Nos reservamos el derecho de modificar los precios si, después de concluido el contrato, se producen disminuciones o incrementos de los costes, debidos especialmente a convenios colectivos o modificaciones en los precios de los materiales. Dichas modificaciones podrán ser acreditadas ante el comprador, si así lo solicita.
4. **Entrega**
 - 4.1 El cumplimiento de los plazos acordados para las entregas presupone el recibo a tiempo oportuno de toda la documentación a proporcionar por el comprador, los permisos y autorizaciones necesarios, sobre todo en lo que concierne a planos, así como la observancia por parte del comprador de las condiciones de pago acordadas y demás obligaciones que le correspondan. Si dichas condiciones no son cumplidas a su debido tiempo, se prolongarán de forma adecuada los plazos del proveedor; lo anterior no es aplicable si la demora es atribuible al proveedor.
 - 4.2 Casos de fuerza mayor, huelgas u otros conflictos laborales, disturbios, medidas tomadas por las autoridades, carencia de suministros a recibir de nuestros subproveedores y demás sucesos imprevisibles, inevitables y graves exoneran a las partes contratantes de sus obligaciones de entrega por el plazo y en la medida en que tales perturbaciones influyan en el proceso. Lo anterior vale también si dichos sucesos se producen en un momento en que la parte contratante afectada se encuentre en demora. Dentro del marco de lo exigible, las partes contratantes se comprometen a proporcionar sin demora las informaciones necesarias y a adaptar sus obligaciones, de buena fe, a las nuevas circunstancias.
 - 4.3 Quedan excluidos los derechos de indemnización por daños y perjuicios del comprador frente a nosotros por demora de la prestación en todos los casos de demora en la entrega, también después de la expiración de un plazo que nos haya sido impuesto eventualmente para la entrega. Esto no será válido en casos de responsabilidad forzosa por conducta dolosa o negligencia grave o en lo que concierne a daños personales que afecten a la integridad física y la salud; ello no supone una modificación del mérito probatorio en perjuicio del comprador. El derecho legal de rescisión del contrato por parte del comprador no se ve afectado. El comprador sólo podrá rescindir el contrato en el marco de las disposiciones legales en caso que la demora en la entrega nos sea imputable.
 - 4.4 Se permiten las entregas parciales. En caso de demora de una entrega parcial, el comprador no podrá hacer valer derechos respecto a la cantidad restante, a menos que el cumplimiento parcial carezca de interés para él.
 - 4.5 A menos que, en ciertos casos, se haya convenido otra cosa, los suministros se efectúan franco fábrica/almacén. En el momento en que se comunica al comprador que la mercancía está lista para el envío, o a más tardar cuando la mercancía salga de la fábrica/del almacén, el riesgo pasa al comprador. Lo anterior rige también cuando el proveedor se encarga de efectuar el transporte. Un seguro de transporte se suscribe sólo por convenio especial, y por cuenta del comprador.
 - 4.6 No se aceptará la devolución de embalajes de transporte y demás embalajes no retornables. El comprador está obligado a proveer la eliminación de los embalajes por cuenta propia.
5. **Abastecimiento propio**

En caso de falta de abastecimiento propio correcto o en tiempo oportuno por parte del presuministrador debido a causas que no sean imputables al proveedor, éste estará autorizado a aplazar y/o a anular la obligación de suministro correspondiente.
6. **Garantía / responsabilidad debida a defectos materiales**
 - 6.1 El comprador deberá examinar la mercancía inmediatamente al recibirla, reclamando sin dilación por escrito cualquier defecto detectado. Los defectos ocultos deberán ser comunicados sin dilación alguna tan pronto se descubran.
 - 6.2 La mercancía defectuosa no deberá ser utilizada en tanto no se aclare la reclamación. Deberá concederse al proveedor oportunidad para examinar sobre el terreno los defectos reclamados. Asimismo, si el proveedor así lo solicita, deberá devuelta la mercancía objeto del reclamo.
 - 6.3 Las muestras de la mercancía entregadas al comprador son muestras de orientación o muestras de prueba. En todo caso, con su entrega el proveedor quedará autorizado, ahora como antes, a efectuar el suministro conforme a las tolerancias usuales en el mercado.
 - 6.4 En caso de defectos materiales eliminaremos el defecto o suministraremos una mercancía libre de defectos, a nuestra elección, siempre y cuando el defecto material existiese en el momento de la transferencia de riesgos. Si el cumplimiento posterior fracasara, el comprador podrá – sin perjuicio de eventuales derechos de indemnización por daños y perjuicios según el numeral 9 – reducir el pago o rescindir el contrato. Están excluidos derechos de indemnización del comprador relacionados con gastos necesarios debido al cumplimiento posterior, en particular gastos de transporte, desplazamientos, mano de obra y material, en tanto los costes aumenten debido a que el objeto del suministro ha sido llevado posteriormente a un lugar distinto al de la sede del comprador, a no ser que el traslado responda a su uso previsto.
 - 6.5 Sólo existen derechos legales de regreso del comprador según la legislación alemana, art. 478 y 479 del código civil alemán, en tanto el comprador no haya establecido con su cliente ningún acuerdo que rebase los límites de los derechos de reclamación por defectos fijados por la ley. Además, el comprador sólo tiene derechos de regreso frente a nosotros hasta el importe correspondiente al precio de compra.
 - 6.6 No se generarán derechos del comprador por defectos materiales si el defecto se debe al incumplimiento de prescripciones para el manejo, mantenimiento y montaje, a utilización inadecuada o indebida, al uso erróneo o negligente y a desgaste natural, así como a manipulaciones realizadas por el comprador o por terceros en la mercancía.
 - 6.7 Los derechos de reclamación por defectos caducan a los 24 meses, a contar desde el momento del traspaso del riesgo.
 - 6.8 A petición nuestra y a nuestro cargo se pondrán a nuestra disposición sin dilación las piezas defectuosas.
7. **Condiciones de pago**
 - 7.1 A menos que se haya convenido otra cosa, nuestras facturas serán pagadas sin descuento a la recepción de las mismas.
 - 7.2 Si el comprador se retrasa en el pago, estaremos autorizados a facturar intereses de demora por valor del 8% sobre el tipo básico de interés.
 - 7.3 El comprador sólo podrá hacer valer derechos compensatorios cuando sus contrapretensiones hayan adquirido firmeza legal o hayan sido reconocidas por el proveedor. Podrá, además, ejercitar su derecho de retención en tanto su contrapretensión resulte de la misma relación contractual.
 - 7.4 Si hay varias facturas o créditos pendientes, el proveedor tendrá derecho a determinar el orden de la amortización, a pesar de una estipulación discrepante por parte del cliente.
 - 7.5 Si después de la conclusión del contrato llegan a nuestro conocimiento circunstancias que pongan en duda la solvencia del comprador sobre la base de criterios aplicados usualmente por el sector bancario, o si el comprador se demora en el pago conforme a los plazos convenidos, tras expirar una prórroga razonable podremos hacer depender la ejecución de suministros pendientes de un pago por adelantado o de la prestación de garantías.
8. **Reserva de dominio**
 - 8.1 La mercancía suministrada quedará propiedad del proveedor hasta que se hayan cumplido todas las pretensiones actuales resultantes de la relación comercial existente entre el comprador y nuestra empresa (mercancía bajo reserva de dominio). En caso de iniciación de un proceso de insolvencia relativo al patrimonio del comprador, nos reservamos el derecho de rescisión. En caso de incumplimiento del contrato por parte del comprador, y en especial en caso de retraso en el pago, el proveedor tendrá derecho a rescindir el contrato y a retirar la mercancía; el comprador está obligado a su entrega. La retirada de la mercancía o respectivamente la reivindicación de la reserva de dominio hecha por el proveedor no exige rescisión del contrato por nuestra parte. Estos actos o una pignoración por nuestra parte de la mercancía sujeta a reserva de dominio no significa rescisión del contrato por nuestra parte, a no ser que lo hayamos declarado así expresamente.
 - 8.2 El comprador está obligado a marcar y a almacenar por separado la mercancía bajo reserva. Se obliga, además, a tratar dicha mercancía con el debido cuidado. En especial, queda obligado a asegurarla a su cargo contra incendios, daños causados por el agua y contra robo por el valor de nuevo. En tanto sean

- 8.3 necesarios trabajos de mantenimiento e inspección, el comprador deberá efectuarlos oportunamente, por su propia cuenta y a su cargo.
- 8.4 El comprador no podrá pignorar ni transferir a título de garantía la mercancía bajo reserva de dominio. El comprador deberá comunicar al proveedor, sin dilación alguna, cualquier caso de embargo, prendaciones o demás actos de disposición o intervenciones de terceros.
- 8.5 El comprador podrá revender la mercancía bajo reserva de dominio dentro del marco de las prácticas comerciales reglamentarias. No obstante, desde este momento cederá a favor del proveedor todos los cobros pendientes por el valor del importe final de la factura equivalente a nuestro crédito, resultante de la enajenación frente a adquirentes o terceros, independientemente de si la mercancía bajo reserva de dominio sea vendida antes o después de haber sido transformada. El comprador quedará facultado para recaudar esta deuda incluso después de la cesión, sin perjuicio de nuestro derecho a cobrar nosotros mismos la deuda. Nos obligamos a no cobrar la deuda en tanto el comprador satisfaga sus obligaciones de pago resultantes de los ingresos, no se retrase en el pago, no se haya solicitado la apertura de un proceso de insolvencia o no haya sido declarada una suspensión de pagos. En todos estos casos podremos exigir que el comprador nos informe de las cesiones de créditos con indicación de los deudores, nos comunique todos los datos necesarios para el cobro, nos entregue todos los documentos relacionados con los mismos e informe a los deudores (terceros) de la cesión.
- 8.6 El comprador manipulará o transformará para nosotros la mercancía bajo reserva de dominio, sin que por ello emane ninguna obligación para nosotros. Si el comprador combina, mezcla, incorpora o transforma nuestras mercancías bajo reserva de dominio, adquiriremos la copropiedad del nuevo objeto, en relación al valor de la mercancía bajo reserva (importe final de la factura) respecto a los demás objetos combinados, mezclados, incorporados o transformados, en el momento en que se haya efectuado la transformación, la incorporación, la mezcla o la combinación. Sobre el objeto logrado mediante la transformación o incorporación rige, además, lo mismo que para la mercancía suministrada bajo reserva. En caso que la mezcla o incorporación sea efectuada de forma que el objeto del comprador se considere como objeto principal, se acuerda desde ahora que el comprador nos transferirá la copropiedad de forma proporcional. El comprador se encargará de custodiar para nosotros la propiedad exclusiva o la copropiedad.
- 8.7 En caso que el valor de las garantías entregadas exceda del valor de nuestros créditos en total en más de un 20%, a solicitud del comprador quedaremos obligados a liberar, a nuestra elección, el exceso de las garantías.
- 8.8 En la medida que el registro y/o el cumplimiento de otras exigencias sea requisito para la efectividad de la reserva de dominio, el comprador se obligará a emprender y a efectuar inmediatamente y por su propia cuenta todas las acciones y comunicaciones necesarias. En caso que la legislación vigente no permita el acuerdo de reserva de dominio, el comprador proporcionará al proveedor otras garantías adecuadas al utilizar créditos comerciales.
9. **Otros derechos de indemnización por daños y perjuicios**
 - 9.1 Quedan excluidas las pretensiones de indemnización por daños y perjuicios del comprador, sea cual fuere su causa justificativa, y en especial por infracción de obligaciones emanadas del derecho de crédito o de acción ilícita.
 - 9.2 Lo anterior no vale en caso de responsabilidad forzosa, por ejemplo en relación con la ley de responsabilidad debida a productos defectuosos, en casos de dolo o negligencia grave, de lesiones físicas y perjuicios para la salud o por incumplimiento de obligaciones importantes establecidas por el contrato. El derecho a indemnización por daños y perjuicios derivado de infracciones importantes del contrato se limita, sin embargo, a daños típicos del contrato y previsible, en tanto no se nos pueda atribuir ningún incumplimiento doloso o gravemente negligente del contrato o exista la responsabilidad por daños para la integridad física y la salud. Las anteriores reglamentaciones no suponen modificación del mérito probatorio en perjuicio del comprador.
 - 9.3 En tanto correspondan al comprador derechos de indemnización conforme al presente numeral 9, los mismos caducarán al expirar el plazo de validez para derechos de indemnización por defectos materiales estipulado en 6.7, siempre y cuando ello no se oponga a disposiciones legales de obligado cumplimiento. La exclusión o la limitación de la responsabilidad por daños y perjuicios respecto al proveedor vale también en lo relativo a responsabilidad personal por daños y perjuicios imputable a nuestros empleados, representantes y auxiliares ejecutivos.
10. **Derechos de terceros**
 - 10.1 En caso que una tercera persona formule contra el comprador reclamaciones justificadas debido a violación de un derecho de propiedad industrial o de un derecho intelectual (derechos protegidos) ocasionada por los productos que hemos suministrado y que hayan sido utilizados conforme a las estipulaciones del contrato, responderemos frente al comprador de la forma relacionada a continuación:
 - 10.1.1 Podremos elegir entre obtener, por nuestra cuenta, un derecho de uso para el producto, o bien modificarlo de forma que no ocasione violación del derecho protegido, o bien sustituir el producto. Si ello fuera imposible en condiciones razonables, readmitiremos el producto contra reembolso del precio de compra.
 - 10.1.2 Las obligaciones arriba mencionadas del proveedor sólo existen cuando el comprador nos haya notificado por escrito y sin dilación alguna las reclamaciones formuladas por un tercero, no haya admitido la violación y nos queden reservadas todas las medidas de defensa y los actos transaccionales. En caso que el comprador, por motivos referentes a disminuir daños, o por otros motivos importantes, renuncie a la utilización del producto, quedará obligado a indicar frente al tercero que la renuncia a la utilización no supone ningún reconocimiento de una violación de un derecho protegido.
 - 10.2 Quedan excluidas las pretensiones del comprador en tanto le sea imputable la violación del derecho protegido o en tanto las violaciones de dicho derecho hayan sido ocasionadas o por indicaciones específicas del comprador o por una aplicación no previsible por nosotros, o que hayan sido ocasionadas por el hecho de que el comprador haya modificado el producto o lo haya utilizado junto con otros productos diferentes de los que le hemos suministrado.
 - 10.3 En lo referente a los casos enunciados en el numeral 10.2, el comprador se obliga a eximirnos de las reclamaciones de terceros.
 - 10.4 Quedan excluidas todas las demás pretensiones contra nosotros; asimismo queda intacto el numeral 9 (Otros derechos de indemnización por daños y perjuicios), al igual que el derecho del comprador a rescisión del contrato.
 - 10.5 En caso de existir cualesquiera otros defectos de índole jurídica, rige lo dispuesto en el numeral 6.
11. **Elementos de producción, herramientas, moldes**
 - 11.1 En caso que el comprador nos suministre elementos de producción (tales como herramientas, coquillas, moldes o matrices), dichos elementos nos deberán ser enviados sin coste alguno para nosotros. No asumiremos ninguna responsabilidad por pérdida, desgaste, deterioro o devolución incompleta y los daños resultantes de la misma. Asumiremos responsabilidad sólo en caso de negligencia grave o dolo. Lo anterior no rige en caso de responsabilidad forzosa prescrita por la ley.
 - 11.2 En caso de fabricación o adquisición de elementos de producción por encargo del comprador, los costes se facturarán aparte y de forma proporcional; en caso de piezas de fundición, también para útiles sucesionales. Si uno de dichos útiles no fuera utilizado, el comprador asumirá los gastos no cubiertos, incluso de los demás dispositivos a ello vinculados. En todo caso, los costes de los modelos o prototipos correrán, en su totalidad, de cuenta del comprador. El proveedor conservará plena propiedad de los elementos de fabricación, sin que exista ninguna obligación de entregarlos al comprador. Lo anterior se aplica también a los útiles sucesionales.
 - 11.3 Queda prohibido entregar a terceros los dibujos y la documentación entregada al comprador, así como las propuestas hechas por el proveedor para el desarrollo adecuada y la fabricación de las piezas; el proveedor tendrá derecho a exigir la devolución de la documentación en todo momento.
12. **Lugar de cumplimiento, jurisdicción, derecho aplicable**
 - 12.1 El lugar de cumplimiento para la obligación de pago contraída por el comprador es Neckarsulm; para las obligaciones contraídas por nosotros, el lugar de cumplimiento es el lugar donde está ubicada nuestra fábrica/almacén de suministro.
 - 12.2 Lugar de jurisdicción es Heilbronn. Sin embargo, el proveedor podrá recurrir también a los Tribunales del domicilio social del comprador.
 - 12.3 Para todas las relaciones jurídicas entre el comprador y nosotros será de aplicación el derecho material de la República Federal de Alemania, con exclusión del derecho de colisión; no encuentra aplicación el acuerdo de las Naciones Unidas sobre Contratos referentes a la Compra Internacional de Mercancías (CISG). Para la interpretación de las cláusulas sobre entrega rigen los INCOTERMS vigentes en cada momento.
 - 12.4 Los términos y condiciones aquí descritos han sido preparados y proporcionados en lengua española solamente para la conveniencia de las partes. La versión en lengua alemana de estos es definitiva, en caso de existir alguna inconsistencia en los diferentes significados entre la versión en lengua española y la versión en lengua alemana, la versión en lengua alemana prevalecerá sobre la versión española excluyéndola.
13. **Nulidad parcial**

La nulidad legal de una o más disposiciones de estas condiciones no afecta la validez de las disposiciones restantes.
14. **Almacenamiento de datos**

Los datos necesarios para la realización de la operación serán almacenados y comunicados a terceros en el marco de la tramitación del pedido, en caso necesario. Todos los datos referidos a personas recibirán naturalmente un trato confidencial de conformidad con lo dictado por las leyes concernientes a la protección de datos personales.

Условия продажи и поставки

- 1. Предоставление заказа: особые условия**
 - 1.1 Мы осуществляем поставки и предоставляем свои услуги исключительно на нижеследующих условиях и возможных особых условиях, с которыми заказчик будет ознакомлен.
 - 1.2 Общие условия заказчика действуют только в случае однозначного письменного подтверждения. Ни отсутствие возражения с нашей стороны, ни выполнение поставок или предоставление услуг не являются признанием сторонних условий заключения коммерческих сделок.
- 2. Предложение: тендерные документы**
 - 2.1 Наше предложение является свободным от обязательств, если противное не вытекает из подтверждения заказа.
 - 2.2 Мы сохраняем за собой право собственности и авторские права на рисунки, чертежи и других документы, предоставляемые заказчику. Заказчик не имеет права использовать их в любых целях, кроме указанных нами, и предоставлять доступ к ним третьим лицам. Это особенно касается письменных документов с пометкой «секретно». Для передачи таких документов третьим лицам заказчику требуется наше однозначное письменное согласие.
 - 2.3 Все данные, содержащиеся в каталогах, иллюстрациях, чертежах и прочих документах, являются свободными от обязательств.
 - 2.4 В отношении содержания и объема договора поставки определяющим является наше письменное подтверждение заказа. При этом письменный договор действителен даже в том случае, если он был передан при помощи средств телекоммуникации.
- 3. Цены**
 - 3.1 Цена товара определяется стоимостью товара, установленной заводом или складом, стоимостью упаковки и действующим на момент выставления счета налогом на добавленную стоимость (НДС), установленным законом.
 - 3.2 Мы сохраняем за собой право на изменение цен в связи со снижением или увеличением издержек после заключения договора, в частности, в связи с вступлением в силу тарифных соглашений или изменением цен на материалы. Соответствующие доказательства будут предоставлены по требованию заказчика.
- 4. Поставка**
 - 4.1 Соблюдение договорных сроков поставок предполагает своевременное поступление всех предоставляемых заказчиком документов, необходимых разрешений и подтверждений, в частности, подтверждений расчетов, а также соблюдение заказчиком договорных условий платежа и прочих обязательств. При невыполнении данных условий сроки поставки будут продлены соответствующим образом. Данное положение не действует в случаях, когда задержка происходит по нашей вине.
 - 4.2 Форс-мажорные обстоятельства, забастовки, беспорядки, административные меры, отсутствие поставки товара субпоставщиками и прочие непредвиденные, неотвратимые и весомые обстоятельства освобождают стороны договора от выполнения своих обязательств на срок действия препятствующих обстоятельств события и в объеме их действия. Данное положение не действительно, если такие обстоятельства наступают в тот момент времени, когда сторона договора, пострадавшая от их действия, уже просрочила выполнение своих обязательств. Стороны договора обязаны по возможности незамедлительно предоставить необходимую информацию и согласовать свои обязательства с учетом изменившихся обстоятельств в соответствии с торговыми традициями.
 - 4.3 Требования заказчика о возмещении ущерба в связи с задержкой выполнения поставки, в том числе по истечению назначенного нам срока поставки, не рассматриваются. Данное положение не действительно в случае умышленного нанесения вреда или преступной небрежности. За причинение ущерба жизни и здоровью и нанесение телесных повреждений предусматривается обязательная ответственность, не влекущая за собой изменение бремени доказывания не в пользу заказчика. Установленное законом право заказчика на отказ от договора сохраняется. В рамках существующего законодательства заказчик может отказаться от договора только в том случае, если задержка поставки произошла по нашей вине.
 - 4.4 Допускается осуществление частичных поставок. При задержке частичной поставки заказчик не может предъявлять права в отношении остальной части поставки за исключением тех случаев, когда частичная поставка не представляет для него интереса.
 - 4.5 Поставки осуществляются с завода или склада поставщика, если иное не было оговорено отдельно. Риск утраты или повреждения товара переходит на заказчика с момента уведомления о готовности к отгрузке и не позднее момента вывоза товара за пределы завода или склада. Данное положение действительно и в том случае, если транспортировку осуществляем мы. Транспортированное страхование осуществляется только на основании отдельного соглашения за счет заказчика.
 - 4.6 Разовая тара назад не принимается. Заказчик обязан утилизировать ее за собственный счет.
- 5. Поставка товаров субпоставщиками**

Мы имеем право на отсрочку и/или отмену выполнения обязательств по поставкам в случае несвоевременной или неправильной поставки товара субпоставщиками без нашей вины.
- 6. Ответственность за дефекты, обнаруженные в товаре**
 - 6.1 После получения товара заказчик обязан незамедлительно осмотреть товар на предмет наличия дефектов и заявить о них в письменном виде. Заказчик должен подать письменное заявление о скрытых дефектах непосредственно после их обнаружения.
 - 6.2 До принятия решения относительно предъявленной рекламации рекламационный товар не разрешается подвергать дальнейшей обработке. Нам должна быть предоставлена возможность проверить рекламационный товар на месте. Тем не менее, заказчик обязан передать нам рекламационный товар по требованию.
 - 6.3 Образцы товара предоставляются заказчику для его информирования и ознакомления с товаром. Их предоставление не отнимает у нас право на поставку в соответствии с принципами терпимости, принятыми в торговых отношениях.
 - 6.4 В случае обнаружения дефектов товара мы, по своему усмотрению, либо устраним дефект, либо заменим его товаром, не имеющим дефектов, если повреждение товара произошло до момента перехода рисков. Если устраним дефекты или заменить товар не возможно, заказчик имеет право – несмотря на пункт 9, описывающий возможные претензии на возмещение ущерба – уменьшить оплату за товар или отказаться от договора. Требования на возмещение издержек, связанных с устранением дефекта или заменой товара, в частности, транспортные, дорожные расходы, стоимость рабочей силы и сырья и материалов, исключены, если повышение издержек связано с перевозкой товара в иное место, чем местонахождение заказчика, за исключением тех случаев, когда такая перевозка связана с применением товара по назначению.
 - 6.5 Заказчик имеет законное право предъявить регрессный иск на основании статей 478 и 479 4 ГК только в том случае, если заказчик не заключил со своим покупателем соглашений, выходящих за рамки законных претензий по качеству. Размер регрессных требований заказчика к нам не может превышать покупной цены товара.
 - 6.6 Претензии по качеству не могут предъявляться в том случае, если дефект вызван нарушением рекомендаций по эксплуатации, техническому обслуживанию и монтажу, неподходящим или некавалифицированным применением, неправильным или небрежным обращением и естественным износом, а также вмешательством заказчика или третьих лиц в предмет поставки.
 - 6.7 Срок предъявления претензий по качеству составляет 24 месяца начиная с даты перехода рисков.
 - 6.8 Дефектные детали должны быть возвращены нам по требованию. При этом заказчик не несет расходов.
- 7. Условия оплаты**
 - 7.1 При отсутствии особой договоренности наши счета подлежат полной оплате при получении товара.
 - 7.2 При задержании оплаты заказчиком мы имеем право начислить пени за просрочку в размере 8 % сверх базовой процентной ставки.
 - 7.3 Право на взаимный зачет встречных требований заказчик имеет только тогда, когда его встречные требования установлены в законном порядке или признаны нами. Кроме того, данное право действительно только в том случае, если встречное требование заказчика основывается том же договорном отношении.
 - 7.4 При наличии нескольких непоплаченных счетов или долговых обязательств мы, несмотря на возможное отличие от нашего желание заказчика, имеем право определять последовательность оплаты.
 - 7.5 Если после заключения договора нам станут известны обстоятельства, вызывающие (на основе общепринятых банковских критериев) сомнения в платежеспособности заказчика, или если заказчик не произведет платеж в течение договорных сроков, после безрезультатного истечения уместного дополнительного срока мы имеем право производить невыполненные поставки или выполнять гарантийные обязательства только после предварительной оплаты.
- 8. Оговорка о сохранении права собственности на товар до полной оплаты его стоимости**
 - 8.1 Поставленный товар остается нашей собственностью до выполнения всех действующих требований и деловых отношениях между заказчиком и нами (товар с оговоркой о сохранении права собственности на товар до полной оплаты его стоимости). В случае возбуждения дела о неплатежеспособности заказчика мы сохраняем за собой право на отказ от договора. В случае нарушений обязательств заказчика, в частности, при просрочке платежа, мы имеем право на отказ от договора и возврат товара; при этом заказчик обязан выдать товар. Возврат товара или сохранение права собственности на товар до полной оплаты его стоимости не требует с нашей стороны отказа от договора. Данные действия и наложение ареста на товар, в отношении которого применено положение о сохранении права собственности до полной оплаты, не означают отказа от договора, если противное не было однозначно объявлено нами.

- 8.2 Заказчик обязан отдельно хранить и обозначать товар, являющийся собственностью продавца до полной оплаты его стоимости. Заказчик обязан аккуратно обращаться с таким товаром; в частности, он обязан застраховать его за собственный счет от ущерба в результате пожара, наводнения и кражи на сумму восстановительной стоимости товара. Технический осмотр и обслуживание товара должно производиться своевременно за счет заказчика.
 - 8.3 Заказчик не имеет права ни отдавать в залог, ни передавать другому лицу в качестве гарантии право собственности на товар, являющийся собственностью продавца до полной оплаты его стоимости. В случае ареста, конфискации или прочих распоряжений или вмешательства третьих лиц заказчик должен незамедлительно поставить нас в известность.
 - 8.4 Заказчик имеет право продавать дальше в надлежащем порядке товар, являющийся собственностью продавца до полной оплаты его стоимости; однако при этом он уступает нас все требования (в размере конечной суммы нашего требования), которые возникают из перепродажи по отношению к его покупателям или третьим лицам, независимо от того, продан ли такой товар без переработки или после нее. После уступки заказчик сохраняет право на взыскание этого требования. Это не затрагивает наше право самим взыскивать это требование. Мы обязуемся не взыскивать это требование до тех пор, пока заказчик выполняет свои обязательства по платежам из полученных доходов, не просрочивает платежи, не подав заявление о неплатежеспособности или не наблюдается прекращение платежей. Во всех вышеперечисленных случаях мы имеем право требовать предоставления сведений обо всех требованиях и должниках, а также других сведений, необходимых для взыскания, а также передачи соответствующих документов и информирования должников (третьих лиц) об уступке права требования.
 - 8.5 Заказчик осуществляет по нашему требованию переработку или обработку товара, являющегося нашей собственностью до полной оплаты стоимости, что не влечет за собой дополнительных обязательств с нашей стороны. При соединении, смешении, переконпоновке или переработке товара, являющегося нашей собственностью до полной оплаты стоимости, мы приобретаем право долевой собственности на новое имущество в пропорции, равной отношению стоимости товара, являющегося нашей собственностью до полной оплаты стоимости (конечная сумма счета), к стоимости других переработанных, смешанных или соединенных товаров на момент переработки, смешивания или соединения. В отношении имущества, возникшего в результате переработки или соединения, в остальном действует то же положение, что и в отношении товара, поставленного с оговоркой о сохранении продавцом права собственности на товар до полной оплаты его стоимости. Если смешивание происходит таким образом, что имущество заказчика можно рассматривать как основное, то передача нам права долевой собственности считается согласованной. Заказчик хранит для нас возникшую таким образом единоличную или долевую собственность. Если стоимость предоставленной нам гарантии превышает стоимость наших требований в общем на более чем 20 %, то мы можем по требованию заказчика уменьшить чрезмерную сумму гарантии. При этом право принятия такого решения остается за нами.
 - 8.7 Если условием действительности оговорки о сохранении продавцом права собственности на товар до полной оплаты его стоимости является регистрация и/или выполнение иных требований, то заказчик обязан за свой счет незамедлительно предпринять все необходимые для этого действия и сделать все необходимые сообщения. Если совокупность важных правовых норм не допускает договоренности о сохранении за продавцом права собственности на товар до полной оплаты его стоимости, заказчик обязан предоставить нам другие уместные гарантии при получении товарного кредита.
- 9. Прочие требования о возмещении ущерба**
 - 9.1 Требования заказчика о возмещении ущерба, не зависимо от их правового основания, в частности, в связи с нарушением обязательств, вытекающих из правовых отношений между кредитором и должником или другим недозволенным действием, исключаются.
 - 9.2 Данное положение не действительно, если за такие действия законом устанавливается обязательная ответственность, например, в соответствии с законом о качестве продукции, в случае умышленного нанесения вреда или преступной небрежности, за причинение ущерба жизни и здоровью, нанесение телесных повреждений, за нарушение важных договорных обязательств. Требование о возмещении ущерба за нарушение важных договорных обязательств ограничивается, однако, обычным для договоров предвидимым ущербом, кроме тех случаев, когда имеет место умышленное нанесение вреда или преступная небрежность, или установлена ответственность за причинение ущерба жизни и здоровью, а также нанесение телесных повреждений. Изменение бремени доказывания не в пользу заказчика с вышеперечисленными условиями не связано.
 - 9.3 Заказчик теряет право на предъявление требований на основании настоящего раздела 9, по истечению действующего в отношении претензий по качеству срока давности, указанному в разделе 6.7, если это не противоречит положениям действующего законодательства.
 - 9.4 Насколько наша ответственность по возмещению ущерба исключена или ограничена, настолько данное положение это относится и к личной ответственности наших сотрудников, представителей и доверенных лиц.
 - 10. Права третьих лиц**
 - 10.1 Если третье лицо выставляет заказчику справедливую претензию в связи с нарушением его прав на промышленную собственность или авторских прав (права на защиту результатов умственного труда) поставленным нами и используемым в соответствии с договором товаром, то мы несем следующую ответственность перед заказчиком.
 - 10.1.1 Мы по собственному выбору за свой счет либо приобретем право использования товара, либо изменим товар таким образом, что право на промышленную собственность не будет нарушено, либо заменим товар. Если это не будет возможно на разумных условиях, мы обязаны забрать продукт назад с возмещением продажной цены.
 - 10.1.2 Вышеуказанные обязательства действительны только в том случае, если заказчик незамедлительно письменно уведомляет нас о предъявленных к нему третьим лицом нарушениях, не признает нарушения и сохраняет за нами право на принятие всех мер по защите прав и проведение переговоров с целью достижения мирового соглашения. Если заказчик приостанавливает использование продукта с целью ограничения ущерба или по другим важным причинам, он обязан указать третьему лицу на то, что приостановка использования не связана с признанием нарушения его прав на промышленную собственность.
 - 10.2 Требования заказчика исключены, если нарушение прав на промышленную собственность произошло по его вине или если эти нарушения вызваны выполнением заказчиком государственного задания, непредвиденным нами использованием товара, изменением товара заказчиком или использованием его совместно с товарами, которые не были предоставлены нами.
 - 10.3 В случаях, указанных в пункте 10.2, заказчик освобождает нас от требований со стороны третьих лиц.
 - 10.4 Более широкие требования к нам исключаются. Тем не менее, данное положение не влияет ни на пункт 9 («Прочие требования о возмещении ущерба»), ни на право заказчика на отказ от договора.
 - 10.5 При наличии прочих правовых расхождений действуют положения, указанные в разделе 6.
 - 11. Технологическая оснастка, инструменты, формовочный инструмент**
 - 11.1 Если заказчик предоставляет в наше распоряжение технологическую оснастку (например, инструменты, кокилы, формы или штампы), то они должны поставяться бесплатно. Мы не берем на себя ответственность за их поломку, ухудшение или неполный возврат и вытекающий из этого ущерб (за исключением случаев преступной небрежности или умышленного нанесения вреда). Данное положение не действует, если законом устанавливается обязательная ответственность.
 - 11.2 Когда технологическая оснастка изготавливается или приобретается нами по поручению заказчика, то мы включаем в счет соответствие издержки, в случае отливки – и на инструмент второго поколения. При неполном использовании инструмента заказчик берет на себя непокрытые издержки, в том числе и на прочие типизированные устройства. Издержки на модели всегда покрываются в полном объеме за счет заказчика. Технологическая оснастка остается нашей собственностью. Мы не обязаны выдавать ее заказчику. Это относится также к инструментам второго поколения.
 - 11.3 Заказчик не имеет права передавать третьим лицам выданные чертежи и документы, а также сообщать о наших предложениях о выгодном конструировании и изготовлении деталей. Данные чертежи и документы могут быть затребованы нами назад в любое время.
 - 12. Место исполнения, разрешения возникающих споров, применимое право**
 - 12.1 Местом исполнения платежного обязательства заказчика является Неккарзальм, для наших обязательств также – местонахождение завода или склада поставщика.
 - 12.2 Все возникающие по данному договору споры будут рассматриваться в г. Хайльбронн. Мы имеем также право предъявить иск к заказчику и по месту его подданности.
 - 12.3 Все правоотношения между заказчиком и нами регулируются исключительно имущественным правом Федеративной Республики Германии за исключением коллизионного права; конвенция ООН о контрактах о международной торговле товарами (CISG) не действует. Для толкования условий поставки используются формы торговых условий INCOTERMS в действующей редакции.
 - 13. Частичная недействительность**

Правовая недействительность отдельных положений договора не затрагивает действительность остальных положений.
 - 14. Запись данных**

Данные, необходимые для осуществления сделки, будут записываться и при необходимости передаваться третьим лицам в рамках выполнения заказа. В соответствии с положениями федерального закона о защите информации будет соблюдаться конфиденциальность личных данных.

Условия продажи и поставки фирмы «MS Motor Service International GmbH», состояние на 01/2003

¹ CISG = Convention on Contracts for the International Sale of Goods = Конвенция о контрактах о международной торговле товарами
